

Letter 09e  
**DREAM**  
**The Dance**  
2017-09-30

Dear Dan,

**21 March 1994**

**I DREAMED THAT:**

I was standing in the entrance of a large Church Sanctuary Vestibule. There had been a dance there and a bunch of Young Men were grouped in the foyer commiserating on their common trauma of not having had a Date or Dance Partner.

I felt compassion for them in my soul and decided to go up to the altar and pray for them.

I remember thinking that I had complete confidence in approaching God at His Throne with the intention of getting on His Holy Case about Him not giving Female Companions to the Young Men to dance with.

**END OF DREAM.**

Blessings...
