VISION
Golgotha Recreation
 2019-04-03

Dear **Jesus**,

01 December 1999.

IN THIS VISION:

I was above Israel, looking down. I looked and I saw the Man of God and the Prophetess. They were each sitting on their own Motocross Bikes. The motorcycles were of the brightest green, with Flames and Pin-stripping of Red and Blue painted on the sides of the Oversized Fuel Tanks. I could tell that these bikes had been outfitted for Mountain Climbing. They were Mountain Motocross Machines.

The King of Glory had taken up Residence in His Palace, and was ruling in Jerusalem with His Twelve Kings for a Thousand Years.

As I looked, I saw that the two Bikers had ridden to the top of Golgotha and were looking toward the Temple in Jerusalem, and I could see that their Eyes were met by the loving gaze of Their King. By now, Golgotha had been turned into a Recreation Area, so the Bikers were not out of place.

Then I looked, and I saw ABBA approach the Man of God as he was seated on his Bike, still on Golgotha, that had become a Place of Recreation. The Man looked down into the eyes of ABBA, and ABBA reached their small hand up and gently took and held the Man's left hand.

I asked, "Lord (*Holy Spirit*), who are These Little Ones that Love the Man of God and his Prophetess so much?" And the Lord (*Jesus*) answered, "These are they that have been beheaded in the Greatest Holocaust of all, for They are the Littlest Children who have died for the sake of My Gospel. These are the ones who have been ripped from the womb before birth, with no choice of their own.

Now I have placed my Glory in Them, for they will be the purest expression of My Abba in My Kingdom for ever and ever, amen...."

END OF VISION.
