How I Got to Harborview In The First Place
Part 3 - But I'm Sure He Said "3"
2021-08-25

Dear **Yeshua**,

Wednesday, 25 August 2021, 11:35 AM.

There is another critical event which occurred in the two week period before my bike wreck in July of 1995 that I need to report.

In Letter 14 Volume 1 I write about how I found a newspaper article which led to my interceding for (CS1).

But there was another report from a different newspaper publisher which came out five days later. I have in my possession actual photo-copies of both articles from both papers. Both were front page "above the fold" headline articles. Here is the headline from the first article:

"DRIVER TO BE SENTENCED IN FATAL CRASH"...

... dated Monday morning, July 3, 1995.

The second article from a different newspaper has the headline of:

"BELLEVUE CYCLIST'S KILLER GETS 6 YEAR PRISON TERM"...

... dated (*Saturday*) July 8, 1995.

On Monday the 3rd of July I went to the Post Office to purchase a fresh copy of the newspaper in which I saw the first article. As I was reading the headline again, the Lord Holy Spirit said to me that:

"SHE'LL GET 3 YEARS".

Then, on Saturday I went to the Post Office to get the mail, and to see if there was any more news about (CS1).

Sure enough, there on the front page was the report about her sentencing. But it read "6 years", not the 3 years which I thought the Lord had told me.

While I was still holding the paper in my hand, I looked to God and said to Him:

"I THOUGHT YOU SAID 'THREE'!"

"I DID!"...

... He replied.

And true to the word of Yahweh, (CS1) was released from prison on appeal at the completion of three years.

About one year after her release, the Lord worked it out so that I could speak with (CS1) by telephone. She confirmed what the Lord had told me about her release from prison after only three years, instead of the original sentence of six years.

Many years later I actually discovered online a legal court document from the appeal where the appeals court judge reduced her sentence from 6 years to 3 years.

Up to that point, that was the only time that I could remember where I heard God speak to me about the future, and it came to pass exactly and precisely as He so specified.

Blessings...

R. C. Theophilus
