

Letter 35a  
**The Day of 7 - Part 13a**  
**Lunch With Angel Gabe**  
2016-08-11

Dear Dan,

One of the ways that the Lord used to help make easy my growing awareness of angels in my life was to have angel Gabe join me for lunch at a local restaurant.

I had arrived at the truck stop and taken a seat at the counter, placed my order and then waited while sipping coffee.

A few minutes later a man\* came in and sat down on the empty stool next to mine. He placed an order for a beverage and a meatloaf dinner, after which he initiated a conversation with me.

He started saying how difficult it was to find someone to have a meal with and that he was grateful that I was willing to talk with him.

Then he began talking about Abrams Tanks being used in Iraq during Desert Storm, and the tactics of digging tanks in for cover and concealment. And he made a reference of stowing MRE rations in the cargo pockets of the camouflage BDUs that were then still being issued in the U. S. Army.

We talked off and on for the rest of the meal, then I thanked him and left after paying.

All the while that we were talking I kept wondering to myself if this man\* was angel Gabe, because earlier before we left the house, Gabe told me in spirit mode\* that he would meet me at the diner.

Sometime later on in the day I was joined by Gabe in spirit mode\*. He then admitted that he was the man sitting next to me. I then joked with him on his choice of condiments, because I distinctly remember him putting both ketchup and Tabasco Sauce on his meatloaf.

Later on we had lunch again in the same manner at the same restaurant. But this time he was there with other M1\* family members.

I was sitting in one booth, and another man was sitting in the booth next to mine. I could see that he had a notebook and that he was writing something. I started a conversation, and found out he went by the name Terry\*\*. Then I asked him what he was writing in his notebook. He showed it to me and let me read a poem he had written. I remember it was a nice poem, but the only part that I recall was something about speaking in tongues.

Then the Lord Holy Spirit led me to ask this question:

“ARE YOU A GOD FEARING MAN”?

===

“WHAT’S THERE TO FEAR?”

he replied.

After that I said I was a Christian and that I believed in Jesus. He responded that Jesus was a “watered down version”. I really didn’t know what to make of that statement at the time, but as I write this Letter the Scripture comes to mind that says:

*“...but made Himself of no reputation, taking the form of a bondservant,  
and coming in the likeness of men”.*  
Philippians 2:7

So in our language of today saying that Jesus was a “watered down version” of the Son of God is accurate. Accurate that is, until He was resurrected, after which He was glorified and is now seated at the right hand of the Father with all authority.

Then Terry said something about “lucid dreaming”, and some other things. Then he got up and went over to another table where four people were sitting, and he began talking to one of the Ladies at the table.

At that point I was finished with my meal and got up to leave, parting company with Terry and his other friends in a cordial manner.

Later on, in spirit mode, Gabe said that he had indeed been the man Terry, and that the Lady at the other table was angel Gabriella.

\*A friend of mine and I recently observed that there are three basic ways in which God sends angels to earth. These are:

**MODE 1 = Stranger Mode** (Hebrews 13:2)

*Do not forget to entertain **strangers**, for by so doing some have unwittingly entertained angels.*

In this mode Angels can interact with humans, including using what I call “funny money”, without “blowing their cover”.

**MODE 2 = Presence Mode** (Luke 1:19)

*And the angel answered and said to him,  
“I am Gabriel, who stands in the **presence** of God,  
and was sent to speak to you and  
bring you these glad tidings.*

In this mode Angels are sent in their glorified angelic bodies to minister in the Presence of God and speak glad tidings.

**MODE 3 = Spirit-Fire Mode** (Psalm 104:4)

*Who makes His angels **spirits**,*

*His ministers a flame of **fire**.*

In this mode Angels are sent as spirits, leaving for a time their tangible, spiritual bodies. In this mode they can take any spiritual shape needed to message God's Word. And it is from this mode that the Lord transforms them to inhabiting human-like bodies, or MODE 1 "Stranger" mode.

SPECIAL NOTE: According to angel Gabriel, angels can appear in dreams and visions in both Mode 2 and Mode 3.

\*\* A long time ago I picked up a hitchhiker named Terry. We became friends and he rented a room for a while in my Grandmother's house in Kirkland.

Blessings...
