

Letter 35c
The Day of 7 - Part 13c
Spearing The Spirit
2022-06-16

Dear **Yeshua**,

One day during the Day of 7, I was visiting (CB1) at his work place. We then decided to drive up to a popular cafe in (L40) for coffee.

While en-route, I had the radio in my truck turned on, playing some music. I remember that (CB1) and I got into a mild argument on whether the song was jazz or rock 'n' roll. This continued for a little while, then our conversation moved to other things. We got to the cafe and were seated without further incident.

This was still early in the days after Jesus introduced to angel Gabe to me. Since I was now aware of Gabe's presence, interspersed with my rapport with (CB1) I was also (sub-vocally) asking Gabe if he had any input on the topic of our conversation.

After a few minutes getting our coffee and enjoying a few bites of our repast, I saw in spirit-space Gabe "float" around to behind where (CB1) was seated. He then produced what looked like a large Bowie Knife, (similar to the one I have at home) and put it to (CB1)'s throat.

Then angel Gabe asked me to ask (CB1) a question. The question Gabe wanted me to pose was "how is (CS2)?"

So at a break in our conversation, with Gabe still holding the knife to (CB1)'s throat, I asked (CB1):

HOW'S (CS2)?

Suddenly (CB1)'s face went blank, and then I saw in spirit-space another one of my angels (who I want to remember was angel Maiah) shove a long spear into the chest of (CB1). When the spear was withdrawn, I saw a demonic spirit impaled on the end of the spear, wriggling around trying to get away.

Then angel Maiah, still holding the spear with the wriggling speared-spirit still impaled thereupon, withdrew behind me and out of my sight, presumably to properly dispose of the speared-spirit.

Then, after a few more seconds of silence, (CB1) was able to answer my question.

"Fine", he answered.

I was not totally surprised at having seen what had just transpired. This is because (CB1) had told me many years before this that he had demons cast out of him when he returned from Viet-Nam. And he was a Christian at that time.

(SPECIAL NOTE 2022-06-16: This entire event taught me many lessons at once:

- 1)** ... that Christians can indeed be co-host to one or more demonic spirits in their physical body.
- 2)** ... that angel Gabe wields the Sword of The Spirit, in this case a very sharp Bowie Knife.
- 3)** ... that angel Maiah pushes a very Bad-ass Spear (also a real mean Louisville Slugger. See Letter 45).
- 4)** ... that my angel crew and I were embarking on what was to become a career in Covert (Black-Ops) Exorcisms; delivering the unsuspecting of evil spirits they didn't even know they had.
- 5)** ... that part of my job is to witness these things and document as much as I can.

We have been doing these kinds “undercover missions of violence against the forces of hell” almost every where we go, going on 22 years now.)

As a Special Forces Soldier in the Kingdom Armed Forces, I have often wondered if I will be eligible for hazardous duty and combat pay when we get Home.

Some day I will find out.

Blessings...

R. C. Theophilus
