**FREEDOM**  
**“What If God Was One Of Us?”\***  
2011-11-13

Dear Dan,

It is with some fear and trembling that I now recount the following events. I suppose that’s good for a start, but in the Spirit of “Abba, Father”, as a son of God I may enter into His courts without fear or trembling, and can now proceed.

One of the purposes of the Lord having me meet Angels in general and angel Gabe in particular was so that I could understand by experience the meaning of the Scripture in Revelation where it says:

*Then saith he unto me, See [thou do it] not: for I am thy fellowservant,  
and **of thy brethren the prophets**,  
and of them which keep the sayings of this book:  
worship God.*

**Revelation 22:9**

... with an emphasis on **brethren**, and that being part of a family. In order to achieve this more fully, the Lord instructed Gabe to begin introducing me to Him, that is the Holy Spirit, in person, in a manner of speaking.

As an example, please allow me to relay this description of a meeting that took place in the summer of 2000 at Lake Sammamish State Park. I had been going there during that summer to rest, receive healing, and enjoy the Presence of God.

On this particular day I had finished my visit and was going back to my Chevy S-10 to leave. I noticed an older sedan had parked next to the truck, with the windows rolled down since it was a warm summer day. There were two people in the car, a man and a woman. The woman appeared to be in her early fifties, and the man in his late forties.

I spoke to them through their open window and said, “hello”. They returned my greeting, and the three of us engages in some casual conversation. The Lady said something about the man being like her child, and demonstrated this statement at the same time with affectionate words to him and caressing his chin, just like a parent would do to a youngster.

Somewhere along the line I said I was a Christian and that I prayed. The Lady then asked me to pray for a missionary in the Philippines. I said that I would.

That was about the extent of the meeting, but as I was driving out of the park Gabe informed me that the Lady was the Holy Spirit, “in the flesh”, and the man was Michael the Archangel.

One of the messages that was demonstrated by that meeting was just how family oriented God is with His kids, and that even a authoritative person like Michael is a kid compared to Almighty God, with Holy Spirit being like a Mom to His sons.

There were more than a few other meetings like this where I wondered at the time Who I was talking to, and informed by Gabe of Who it was shortly thereafter. These occurred mostly on the trail behind my house, and sometimes the Holy Spirit took the form of a man, and at other times He took the form of a woman.

In July of 2001 on the day of my interview to become employed at (G6), as I was leaving from the interview, I had entered an elevator in the parking garage. There were a few other people already on the same elevator; a Lady that looked to be in her late thirties, and some young collage age kids.

The Lady looked at me and asked: "Are you a Christian?" and before I could answer she also asked; "is Jesus your Lord and Savior?"

I answered with something like "yes", and "He works on me in many ways."

I knew when I got into the elevator that the others were very likely OTH\*\*. After I got off the elevator I was sure (and without Gabe's input), that the Lady was the Holy Spirit, questioning and confirming that I belonged to Christ.

And so began the revelation to me of the Work of the Lord the Holy Spirit at (G6).

Blessings...

Romanus Theophilus
