

Letter 45a
Satan Speaks
2016-08-17

Dear Dan,

Wednesday, 17 August 2016, 1PM.

There were a few more conversations I had with (CB14), where looking back I am confident that it was Satan who was doing some if not all of the talking. This is also confirmed by angels Gabe and Gabriella, since they were there witnessing the events the whole time.

One of the things that (CB14) said under Satan's anointing went something like this:

"I JUST WONDER WHAT IT WOULD BE LIKE TO SEE
THE U.S. KNOCKED DOWN A NOTCH OR TWO",

or words very similar to those.

(NOTE - 17 August 2016. The above took place sometime in 2002 during the first part of the George W. Bush administration)

I also heard Satan speaking through others. One was someone at a press conference that was being held just after President Obama was declared the victor in the 2008 Presidential election. It went something like this:

"AMERICA IS BAD AND NEEDS A SPANKING".

Based upon my own memory of the news, the history of those in and surrounding the Obama presidency, up until three years ago, is laced with direct Satanic comments like the one above.

But after August 2013, Satan put all of his personal attention on me. See Letter 221 Volume 4.

Blessings...

R. C. Theophilus
