VISION
Pepper The Ghost Dog

Dear **Yeshua**,

Sunday, 5 April 2020, 7AM.

Below is the text of an email I recently shared with some Family Members.

Greetings Family Members.

I was in the Family/TV room this morning where I eat breakfast and watch TV. We have a small kennel in the TV room where Tansy & Pepper Dogs can go to lay down. It stays open so they have access to it whenever they want.

Except, on rare occasions I close the door to the TV room so I can eat breakfast without Tansy or Pepper jumping up on my lap to see (and smell) what I'm eating.

So, this morning I had the door closed, with both the dogs shut out of the TV room.

While I was eating, I heard the familiar rustle of a dog in the kennel. Then I saw a black shadow of a little black dog walk past and under the foot rest of my recliner, just as Pepper Dog does all the time.

But, then I remembered that both dogs were out in the Kitchen, with the door closed.

As soon as this little black "ghost dog" walked under my foot rest, she disappeared.

At first I thought nothing of this, because I wasn't quite awake yet.

But after another sip of coffee, I realized that I had just seen a "Ghost Dog" who looked just like Pepper.

This was a reminder to me that even my dogs have angels looking out for them, since this was an Angel Dog.

For what it's worth.

Many Blessings...

P. S. Blake Healy reports in The Veil of seeing a flying dog. I had also previously seen another "Ghost Dog" back in the Day of 7, but I never documented it until now.

END OF EMAIL.

In addition to the details above, and subsequent to this, I have begun to see the two angels who have been assigned to our two dogs, Tansy and Pepper. While they have been with them (and us) since we brought them home in 2008, I started seeing them on account of my praying for our Father's blessing upon my entire household. This I have done daily now for well over a year. It is also why the kitchen faucet handle has stopped coming loose. Thank You Jesus.

Blessings...
