

Letter 859
—George Floyd—
2020-07-23

Dear **Yeshua**,

Sunday, 7 June 2020, 8:15AM.

On Monday, 25 March 2020, a man who I did not know and had never met before was recorded on video while a City of Minneapolis police officer was kneeling on his throat. A very short time later the man died in police custody. According to both news and coroners reports, the police action blocked the man's airway, causing him to suffocate from asphyxiation. The time it took for the man to die is recorded as 8 minutes and 46 seconds. During this time, the man was recorded saying these words:

"I CAN'T BREATHE."

The man's name is George Floyd. I saw the video a day or two later as it aired on TV network news. The thing that I saw immediately was the expression on the police officer's face, or should I say, lack thereof. What I saw was the face of a man who was not there. This informed me that the man at that moment in time was not in control of himself, but rather he was being controlled by Hell's Resources.

Not long after the death of George Floyd, riots broke out across the Nation by people who were protesting police shootings of people with darker skin color. These riots resulted in much damage and death.

Chants of "defund the police", along with "black lives matter" could be heard on almost all news media outlets. One of the protests in Seattle resulted in a portion of Capitol Hill being taken over by armed militants, who wanted to cede from the Union and form their own country. It was first called Capitol Hill Autonomous Zone (CHAZ), but quickly morphed into other designations.

The rioters were able to do this by threatening to burn down the Third Police Precinct building. The mayor of Seattle capitulated to the rioters' demands, and withdrew all police from the Precinct, thereby allowing the rioters to take over what was at first reported to be a 9 block area of the city.

Subsequent to all this, on 12 June 2020, another police shooting occurred, this time in the State of Georgia. A man named Rayshard Brooks was shot and killed by a Police Officer while Mr. Brooks was in the process of resisting arrest.

In one of the videos I saw on TV (and then again on internet video), I heard one of the arresting officers give Mr. Brooks a directive to do something, with the final two words being ...

"... FOR ME."

A few moments later the officer began to put handcuffs on the suspect. It was at this point that Mr. Brooks resisted arrest and began to struggle against being restrained.

When I heard the two words "for me" spoken by the officer, I knew that witchcraft was involved. This is what triggered Mr. Brooks to attempt to escape and flee to liberty.

But Mr. Brooks was also drunk with alcohol, and was not making wise decisions. He fought with the police, took one of the officer's Tasers, and then shot at one of the officers. This provoked a defensive response by the police, and Mr. Brooks was shot and killed.

Based on the evidence which I saw, I could tell that witchcraft was involved in both tragedies. In both cases, a Spirit of Witchcraft was influencing the police officers, clouding their judgment, or in the case of George Floyd, taking over and running the entire operation.

P. S. (2020-07-23) Shortly after the death of George Floyd, I discovered he is a Christian. When I heard this, I knew by the Lord Holy Spirit that his last words were prophetic. In saying "I Can't Breathe", Brother Floyd was speaking on behalf of the Church, who is being strangled by Witchcraft. The Breathe of the Church is the Holy Spirit. The prevalence of Witchcraft in the Church is preventing the Church from breathing.

Blessings...
