

Letter 859a  
**DREAM**  
**No Face-masks**  
2020-09-05

Dear **Yeshua**,

**Thursday, 30 July 2020, 7:16AM.**

On the night of 29 July 2020 I went to bed and sleep sometime between 10 and 11PM. But at about 3AM I woke up being very sore in my shoulders. I laid in bed for a while trying to go back to sleep. At about 3:45 I got out of bed and made breakfast. While I was eating and watching some video, I realized that I needed to go back to sleep.

At about 4:30AM I went back to bed, knowing that I had to get back up no later than 7AM to feed my dogs. One of my dogs needs to have medications given at the same time each day, with the AM dosage given at or close to 7AM.

I set my alarm, took a pain pill, and then was back to sleep by 5:30AM. Before I woke up again at about 6:45AM, I had a dream.

**I DREAMED THAT:**

I was at an Elementary School which seemed to be located in Fall City, Washington, in the morning as Students were arriving for class. I saw cars pulling up to let Kids out, and two School Buses full of Students pulling up to the sidewalk.

There was a Lady on the sidewalk. She seemed to be sort of a Greeter, welcoming Parents and Students for the School-day, while helping to ensure Safety.

As I watched, I saw and heard the Lady say to the arriving Students with a loud voice:

“YOU DON’T HAVE TO WEAR A FACE-MASK.  
YOU DON’T HAVE TO WEAR A FACE-MASK.”

**END OF DREAM.**

I woke up from this dream with very sore shoulders. This indicates that I had been wrestling with evil spirits (see Ephesians 6:12) in the course of receiving this message.

**Post dream analysis says that:**

The Lady in the Dream is the Lord Holy Spirit, Who is the Spirit of Liberty. She was pronouncing Liberty to the arriving Students, in the hearing of all the others. I was witness to this event.

Earlier this year, the Lord explained to me that one of the reasons He arranged for me to have a medical face-mask exemption (by law) was so that I could hold open the Door to Liberty, so that Liberty can return.

P. S. I typically audio record my dreams and visions soon after having them, to ensure accurate transmission of details for the purpose of transcription. Additional details can be heard in the audio of the dream from which this Letter was written. [Click here to listen to the actual recording.](#)

Blessings...
