Dear **Yeshua**,

FIELD REPORT:

There is a hiking trail near my house which used to be a railroad, which was turned into a King County Park Trail.

For a long time it wasn't too popular and wasn't used that much. Many times I could go for a walk on the trail and not see anyone else, or maybe only one or two others.

But after the restrictions of COVID-19 took effect this summer, the use of the Valley Trail increased dramatically. So much so that I needed to come up with another place to walk if I wanted to be alone.

The thought occurred to me that I could drive into town, park somewhere and walk in one direction for 30 minutes, and then walk back to my car. That way I could get my one-hour walk, which I try to do on a daily basis.

This proved to be an excellent solution, as I discovered that not many other people walked on the sidewalks of North Bend, and virtually no one else walked along the main road heading west out of town. From that point on I took most of my walks in town, but I also still walked on the trail from time to time.

It was while walking that I discovered two different Battle Fields and two different Enemies on these walks. One Battle took place on the Valley Trail. The other Battle took place at the West Gate of North Bend. Both of these battles took place at the same time, which meant I was fighting the War on two fronts simultaneously.

What I am about to describe in this and the following two Letters are the Field Reports regarding my engagement of the two Enemies which the Lord revealed while I was out walking.

Earlier this year after the George Floyd riots started, which spread out from Minneapolis, across the United States and into Seattle, some of the effects came up to the Snoqualmie Valley in the form of a Black Lives Matter-ANTIFA (BLM-A) protest march in the City of Snoqualmie.

When this first occurred, I didn't know many facts surrounding BLM-A. But I did know that every time I saw and heard a BLM-A protest on TV news, the words coming out of the protestors' mouths did not originate from Heaven. Instead, they had the sound, spirit, and content of words originating from Hell, which informed me to a large degree of the true nature of the BLM-A movement.

When the BLM-ANTIFA protest march came up to the Snoqualmie Valley, the Lord Holy Spirit impressed upon me with great emphasis that the only antidote AGAINST the satanic spiritual influence of BLM-A, and FOR the human element of BLM-A, was the Love of Jesus.

The Growth of the Knowledge of the Love of Jesus both destroys the works of the devil and saves mankind, simultaneously.

I also knew that it was imperative that the Love of Jesus be proclaimed in the Snoqualmie Valley. So, I began as part of my walks, to leave business cards in strategic locations wherever I could. The message of the cards was simple. The main heading read:

JESUS LOVES US
—ALL—
EVERYONE,
([click here to see sample card](#))

with the letters being superimposed over a Rainbow. There is some History behind this phrase, which can be read in these Letters: [Letter 18](#), [Letter 301](#).

I had ordered the business cards from an online internet company, and passed them out as liberally as I could. The cards had rounded corners, and were the same size as a credit card. So, the idea occurred to me that after I had purchased gasoline for my car at a gas station, I could leave one of the cards in the credit card slot, to be found by the next fuel purchaser.

On the Valley Trail, where I had been going for walks periodically, it occurred to me that I could place the Jesus Loves Us cards anywhere they might fit. So, I got some double-adhesive foam tape, and used that to affix the cards anyplace where they could be easily seen by other passersby.

After a short period of time of placing the cards on the trail, I noticed that they started to disappear, apparently being removed by persons unknown (by me) who, for reasons known to the Lord, thought the Love of Jesus Cards did not belong where I was putting them.

After a while this started to turn into a sort of game. I would walk in the evenings putting cards out, and over the next few days they would be gone.

So, I purchased a bottle of spray-on adhesive in order to glue the entire back side of the card directly onto the selected surface, making a more flush attachment. The foam tape I had been using was about 1/16" thick, which raised the card a little off of the surface to which they were being attached, making the card easy to grab and remove.

But The Spirit of Antichrist (TSoA) with which I was contending would have none of that, and it motivated whoever was removing the cards to spend the extra time it took to scrape off the more firmly attached Love of Jesus* messages.

After a while, I began to grow weary of spending so much time gluing the cards in place. So I stopped posting the cards. But then the Lord showed me how I could leave the cards in place securely, without using any glue or tape.

So, from that point on, every time I went for a walk on the trail, I would put out the cards where the Lord showed me, and if they came up missing, put them out again, which I continued to do, thereby rebutting TSoA. And while it was easier for TSoA to remove the cards, since there was no adhesive, the thought occurred to me that this was a good thing, in that the person removing the cards would of necessity have to see the words on the card, and receive the Message of God's Love from the two or more angels of YHWH who were stationed with each card.

The Battle against The Spirit of Antichrist is not over, but will continue into 2021 and future years. The Battle will continue until Jesus returns in His Glory, and this event takes place according to Scripture, where it says that:

*And then the lawless one will be revealed,
whom the Lord will
consume with the breath of His mouth and
destroy with the brightness of His coming.
2 Thessalonians 2:8*

In the meantime, I have been given another message to send to The Spirit of Antichrist.

The message reads:

ENEMY REMOVAL SERVICES
“... you will die like men...”
—Psalm 82—

*The Lord has also given me new plan for a different way of attaching His Love Message. I will report on that after it comes to fruition.

Blessings...
