**End of Year 2020 Review**  
 2020-12-30

Dear **Yeshua**,

A custom has emerged in the writing of these Letters in which I do a year-end review of the previous twelve months. So it is at the end of this year, 2020 AD, that I will now endeavor to recapitulate some of the more outstanding events which have happened in the course of this year.

I can sum up everything from 2020 with one word:

**WAR.**

I have been so busy fighting and recovering from fighting that I have not had the same amount of time to write that I have had in previous years. This was true to some degree of 2019, but more-so in 2020. Just about every day of this year I woke up with varying degrees of distress and soreness from wrestling with elements of HR. Recovering from these conflicts made it extremely difficult to sit at my computer and write. But I found that I could more easily audio record short descriptions of things such as dreams, visions, events, and revelatory thoughts. So important things have been documented.

There over 100 dreams I had in 2020 which I audio recorded and are still waiting to be transcribed into Letters, and at least 44 dreams from 2019. This does not include the audio I record for Visions, Field Notes, and other items.

It occurs to me that the easy way to review 2020 is to divide the year into quarters, and go over the highlights of things that I do have documented in written form from each three month period.

**-QUARTER 1-  
 (1-January, 2-February, 3-March)**

**Letter 842—**

*“So likewise in my life in A. D. 2020. There will still be conflict this year, but it will be less and less as time goes by. Times of Peace will take the place of Conflict, and eventually the War will have all drained away completely.”*

Well, I think my commentary was wrong on this one. The War was pretty much non-stop this year. It just went on and on...

**Letter 842a—**

*“I DREAMED THAT:*

*I was at the House of a Mother who was throwing a party in honor of her Dead Daughter. The daughter was dead, but the mother wanted to talk with her, so there was a Spirit of Necromancy close by in the House. The Mom was deceived and thought that the Spirit of Necromancy was the spirit of her dead daughter.”*

This dream was way more prophetic than I could have imagined. There is a political group known as “Black Lives Matter” which became prominent after Memorial Day of this year, and began to have a large effect on many politicians. I discovered that the three founders of BLM practice a form of African religion which seeks to summon and communicate with the spirits of dead humans. This is referred to as

Necromancy, which is a certain practice of witchcraft that, according to Scripture, is forbidden by YHWH God.

**Letter 848—**

*“The tone and inflection in the person’s voice was one of Gleeful Superiority laced with Pride. And I knew that the word “have” meant “ownership”, along with the expectation of some sort of future sexual gratification as a result of my supposed enslavement.”*

**Letter 849—**

*“Applying ROE3 was a good thing. After this event I was informed that **IF** I had shaken her hand in agreement, then Jesus would have had to “reverse-engineer” what I had just done in order to nullify the agreement I just made with HR.”*

**Letter 850—**

*“I AM THE SPIRIT OF COUNSEL.”  
“I AM YOUR PROVIDER.”*

**Letter 851—**

*“It was over 5 days ago when Jesus spoke to me about going after HR in such an unlimited fashion. Since then, I have already had targets of opportunity presented before me to vanquish. And we are just now getting ready to take on the House of Abortion.”*

**SYNOPSIS OF QUARTER ONE:**

It was in Q1-2020 that the world discovered something called the Corona Virus, which originally promulgated from Hunan, China, and was then re-named COVID-19. At the very outset, when the governments of the nations of the world determined that COVID was a communicable disease worthy of public abatement, the Lord gave me His Word on the matter. He highlighted certain Scriptures that indicated exactly His direct involvement in how the governments were responding.

**Proverbs 21: 1**

*The king’s heart is in **the hand of the Lord**,  
Like the rivers of water; He turns it wherever He wishes.*

This also includes the hearts of “We The People” of the American Republic.

**-QUARTER 2-**

**(4-April, 5-May, 6-June)**

**Letter 852—**

*“While I was eating, I heard the familiar rustle of a dog in the kennel. Then I saw a black shadow of a little black dog walk past and under the foot rest of my recliner, just as Pepper Dog does all the time. But, then I remembered that both dogs were out in the Kitchen, with the door closed. As soon as this little black “ghost dog” walked under my foot rest, she disappeared.”*

**Letter 853—**

*On Saturday, 5 April 2020, at 1PM Pacific Time, the SOG Evil Spirit known as MOLECH / MOLOCH was removed from the face of the earth. Please see attached supporting documents (links below) as evidence.*

**Letter 856—**

*"We then both clicked on Letter 37b, only to see that it brought up Letter 37b on my iPad, but Letter 35b on his PC. This was uncanny. We were both on the same URL, activating the same links, but getting different results."*

**Letter 857—**

*1. The purpose of the COVID-related floor sign has now been "re-purposed" to Testify of He Who is the ONE WAY to Heaven, Jesus.*

**Letter 858—**

*"3 Days To Freedom"*

**SYNOPSIS OF QUARTER TWO:**

It was in Q2-2020 on Memorial Day, that the witchcraft of Black Lives Matter-ANTIFA (BLM-A) was more fully revealed to the world. This was a direct result from the death of George Floyd at the hands of compromised police officers. BLM-A took advantage of this tragedy, and began to lay blame on ALL police officers. This was the beginning of their (BLM-A) public outcry to "defund police".

*"Good News, And More Good News"*

**Letter 860g—**

*Before the COVID-19 closures, I would hear on the TV news almost weekly about a "Drag Queen" reading stories at a library, or other public venue, to small children. Since the COVID-19 closures, I have not heard a single word about such abominations. **Not a single word.** It is my own opinion that God will continue to use COVID-19 to execute His will, until He accomplishes all His desire.*
