Part 4
The Demonic Cop and The American Citizen
2021-02-06

Dear **Yeshua**,

Friday, 1 January 2021, 7:21AM.

On Memorial Day, 25 May 2020, in Minneapolis, Minnesota, an American citizen with apparent African ancestry was video recorded by a third party while being arrested by a police officer. But, in this case, the Police Officer had the American Citizen*** on the ground with the Officer's knee on the Citizen's neck.

This went on for what seemed like a long time. The news media would not show the whole video which had been posted somewhere on the internet. They would just show a little clip. But in that clip there was enough for me to see clearly the face of the Police Officer. I could see that the Officer was under the control of at least one evil spirit. That I could tell.

This was because I did not see the face of a man. What I saw was the face of a man who **was not there**. Instead, there was an evil spirit (which later was revealed by the Lord Holy Spirit to be a spirit of witchcraft) controlling the whole thing.

The American Citizen subsequently died, and once news of his death was reported by the third party video, and reached other American Citizens, riots ensued in Minneapolis. This was very similar to the Rodney King video which sparked the L. A. riots in March of 1991.

One of the things which was revealed by the riots was a group called "Black Lives Matter". When I first heard that phrase, I thought it was simply one of many slogans used by protestors as they marched in the streets. But I subsequently learned that Black Lives Matter (BLM) is also a non-profit religious/political organization.

Founded by three women, at least one of whom is reported as a sexual pervert (lesbian), BLM is dedicated to an African form of religion that seeks to conjure up and communicate with the spirits of dead humans. In Scripture this is referred to as necromancy, or the calling up of the dead.

Additionally, every time I saw a BLM protest on TV, another group called ANTIFA was right there with them. ANTIFA operators would accompany BLM protestors, and perform acts of violence and domestic terrorism.

Because all these fall under the category of witchcraft, in also came under the purview of the ministry which Jesus has assigned to me and those I work with.

The human BLM/ANTIFA groups are not the enemy. The enemies are the evil spirits who oversee BLM/ANTIFA.

What I find interesting is how these major components came together in 2020, to be exposed for those who can see and know the Truth about what these things really are.
