

Letter 876v
DREAM
Stuffy Nose
 2021-10-28

Dear **Yeshua**,

Tuesday, 2 February 2021, 7:24AM.

Right before waking up at 5:30AM I had a dream. But I also remember dreaming the same dream throughout the night. I also remember waking up a few hours after falling asleep, I'll say around 1:30 AM, then going back to sleep until 5:30.

I DREAMED THAT:

I had a stuffy nose. I was wondering if I was getting the corona virus (COVID-19), but then the Lord reminded me that I won't be getting the virus, ever. Then I remembered that we had some guests here a couple days ago. But they didn't come into our house. In fact they stayed outside, and more than 6 feet away, and wore facial coverings.

Then I got to thinking maybe I got infected from the visitors, or maybe they got infected from me, but then the Lord reminded me;

“NO. NOTHING LIKE THAT.”

END OF DREAM.

Post Dream Analysis Says That:

I remember when I woke up at 1 or 2 that I had a stuffy nose. This tends to happen after I wrestle with HR. My nose gets stuffed up, and it feels like I am congested in my nasal passages. The reason for that is because HR personnel are sick people. Fallen angels and demons are sick. And they would like to make everyone around them sick, in the human world. When I wrestle with HR, I don't get sick, but I do get some symptoms of being sick, which is what this is. So, depending how long and how hard I wrestle against HR while I'm asleep, I will wake up with a stuffy nose. This is what happened at about 1:30AM when I woke up from the dream that seemed to continue throughout the night in small bits and pieces. Then I went back to sleep, and woke up again at 5:30.

When I woke up I remembered that dream and the thoughts that were present in the dream. Then I got up, blew my nose, and that was the end of it.

And then I got to thinking, remembering news reports that said people can have the corona virus stuck in their nose, or nasal passages. But, according to God's Word, which I will re-iterate, which He has spoken to me three times at least:

“I DO NOT HAVE THE CORONA VIRUS (OR COVID),
 I WILL NEVER GET IT,
 AND I WILL NEVER PASS IT ON TO OTHERS.”

Now, how this effects my wife remains to be seen. But considering that she doesn't go anywhere, and I will never bring it home to her, she probably won't get COVID either, as far as I can tell, and neither will anyone else I come into contact with.

That's God's personal Word to me, and with rare exception, I don't share it with others. I also try to avoid using this unique exemption in order to take advantage in situations, or in how I treat my neighbors. I have observed that many of my neighbors are afraid because of COVID.

And they should be afraid, but not of the corona virus. What did Jesus say about fear?

*"And do not fear those who kill the body
(such as the corona virus)
but cannot kill the soul.
But rather fear Him who is able to destroy
both soul and body in hell."*

Matthew 10:28

It occurred to me the other day that one of the reasons the governments are being so draconian with their face-mask mandates and stuff, is exactly what they say, they are trying to save lives.

OK. So that means that God wants to save lives. He does not want people to die in their sins and go to hell. He wants people to get saved and go to Heaven.

So, if COVID and the related government mandates is a way to help in that regard, then yeah, it's a good idea, even though the face-mask issue is based on a lie. Forcing people to wear facial coverings is unnecessary (only a gas mask, or possibly an N90/N100 and above surgical masks, are what actually stops viruses. Below an N90 viruses are not stopped. But that's a whole different issue. I've addressed that issue in earlier recordings).

The fact is God does not want people to die in their sins and go to hell, so He's doing everything that He needs to, in order to prolong and save people's lives so that they can hear the Gospel and be saved, and that opportunity will be prolonged for as long as possible.

A friend recently said to me that anyone who had died with COVID did not die because of COVID, but because of what are called co-morbidities. Basically a co-morbidity person is one who is really old or really sick. Then the corona virus comes along and just pushes that person into the grave. The "last straw that broke the camel's back" as they say.

While I don't have any direct evidence for this, I suspect my friend is probably right, in that no one has actually died from the corona virus itself, but from being sick from other things that have compromised their body where they couldn't fight off the corona virus. According to what I know, the corona virus is a cold virus which has flu-like symptoms, and can induce breathing problems.

The government's mandate for facial coverings is based on a lie that is infused with fear, and that's why the mandates trouble me so much, because I am a man of truth, because I have the Spirit of Truth, the Holy Spirit. There are other issues about facial coverings that the Lord Holy Spirit is showing me, which I hope to document some day.

My COVID exemption is a private and **concealed** matter, and the Lord's own **weapon** against the sickness of HR.

Blessings...

R. C. Theophilus
