

Letter 878a
DREAM
Part 1
Rattling Beads
Part 2
Young Maiden
2021-10-29

Dear **Yeshua**,

Tuesday, 9 February 2021, 5:10AM.

I'm not sure if I had two dreams, or one dream in two parts. I'm also not sure if I woke up between the two dreams. My memory wants to say that I did, but I am not sure. Also, I am not sure whether in Part 1 that I woke up INSIDE the dream, or if I woke up into waking reality. Again, I cannot be sure one way or the other.

About midnight.

PART 1—

I DREAMED THAT:

I heard what sounded like a rattling of beads, which woke me up. I discerned that a demonic action had taken place, and that an evil spirit had come right up to my ear and shook an envelope full of beads in order to disrupt my sleep.

END OF DREAM.

=====

I woke at about 4:30AM.

PART 2—

I DREAMED THAT:

I was in a dance hall in an upper room of what reminded me of a large, older grange hall. It had a wooden floor, and there was a long bench seat against one of the walls. The entire space was about 40' long by about 30' wide. It was pretty big.

I found myself sitting alone on this bench, but then there was this Young Maiden in the middle of the dance floor. Then she came up to the bench where I was seated and sat next to me.

I started talking to her that I doubted that I would have any children of my own, but that I would always be "uncle".

But then she started to encourage me to think that...

“... WELL, YOU. KNOW THAT COULD CHANGE”,

and that I might have my own offspring.

END OF DREAM.

There was more to that dream, but that was the main part.

Post Dream Analyses Says That:

PART 1-

According to the Lord Holy Spirit, the spirits who were attempting to deprive me of sleep were terminated, and sent to the Pit.

PART 2-

The day before this dream, I had gone to the Post Office where we have a P.O. box. While I was there, I posted a sign on the bulletin boards. The sign read:

AGING PROPHET/SEER AS DEFINED BY HOLY SCRIPTURE SEEKS UNDERSTUDY.
IF INTERESTED, SEND NOTE TO "UNDERSTUDY", AT PO BOX (...).

I think this was a healing dream which the Lord sent to help me in my sorrow at being childless. (See Letter 613). The young maiden in the dream was played by angel Gabriella.

Blessings...
