The Vertigo Factor
 2021-09-13

Dear **Yeshua**,

Monday, 13 September 2021, 11AM.

Yesterday on ZOOM Church one Brother asked another Brother whether he had recovered from the vertigo attack he had suffered about a week earlier. The second Brother replied that he had recovered and that he had not suffered any additional attacks since then. But this exchange got me to thinking.

First, I really didn't know what the actual definition of vertigo was, so I looked it up. Here is what I found:

*"Vertigo is a condition where a person has the sensation of moving or **of surrounding objects moving** when they are not. Often it feels like a spinning or swaying movement. This may be associated with nausea, vomiting, sweating, or difficulties walking. It is typically worse when the head is moved. Vertigo is the most common type of dizziness."* (From WIKIPEDIA.COM <https://en.wikipedia.org/wiki/Vertigo>)

And **second**, I then realized that I had my own previous experiences with vertigo.

The first time I remember was more than just one occasion. It occurred many times and happened only when I was in bed having intercourse with my wife. Frequently I would make love with my eyes closed, and then seek to achieve satisfaction. During this time, with my eyes closed, I would see the darkness start to spin, like a pinwheel with curved sections. It also seemed that there was active opposition to the love I wanted to experience with my wife.

I didn't know what this was at the time, so I just ignored it, and powered my way past the spinning so that I could achieve an orgasm. But the presence of this spinning was in opposition to my love making, and made it very difficult for me to find the fullness of the pleasure of marriage which our Father in Heaven created for Husbands and Wives.

The second time I had a case of vertigo was during the two and a half weeks I spent at Harborview Hospital after my motorcycle wreck. Once again, and for many days in a row, whenever I had my eyes closed, all I would see was spinning darkness in varying shades of gray and black. But this time it seemed as if the whole room was spinning, not just a pinwheel.

Now as I look back, I know at least two things by the Lord Holy Spirit.

1. The fact that I was "**seeing**" with my (physical) eyes closed informs me that I was experiencing the operation of the spiritual seeing gift* which at the time didn't know I had, and which resulted in my seeing into spirit-space.
2. The **spinning** which I was seeing was the work product of HR, as part of satan's attempt at destroying my marriage. Later at Harborview, HR afflicted me with **vertigo** as a form of torture when I was being held captive (by injuries and then by manacles and chains) at the hospital.

*There were other things I saw in spirit-space while at the hospital, such as demons posted at the two bottom corners of my bed, whose job it was to glare at me; and more, the detailed memory of which has faded over time.

Blessings...
