

Letter 899
Final Letter of 2021
 2021-12-30

Dear **Yeshua**,

Thursday, 23 December 2021, 11AM / Thursday, 30 December 2021, 7:07AM

For some time now I have had great difficulty finding the energy I need to write Letters, relative to the content I have been given by the Lord Holy Spirit. This goes all the way back to the beginning of 2019.

Ever since Letter 750, which is dated 8 February 2019, I have more trouble sleeping than normal, and I have had lower energy levels. This is I think the main reason why I have not been able to keep up with Letter writing. My energy is constantly drained my my wrestling against Hell's Resource Elements of Witchcraft.

In addition to this, the "normal" physical pains that I suffer have increased to some degree, so that sitting in a chair for an extended period of time (over 30 minutes, or sometimes right away) increases my difficulty in concentrating.

Even though my writing has been hindered, I have been diligent in audio recording my Dreams, Visions, and what I call Field Reports. Field Reports are audio recordings of those things that I have witnessed, or sometimes think about, which the Lord Holy Spirit indicates have an immediate Kingdom relevance to my overall Testimony.

To illustrate, below is a short table of statistics (which may contain a small margin of error).

I have never suffered from what some call "writer's block". I have an abundance of content, and plenty of angel help with my lexicon. But my "dilithium crystals", to put things in Star Trek terms, have really taken a beating these past 3 years.

Many times I have sat down to write, only to have to stop and go lay down, in order to “drop out of warp”, and “engage the Borg”, or re-charge my “dilithium crystals”, or both.

Plus, I have domestic duties to keep up, which cannot be ignored. I reserve a portion of the energy I have for those things which must get done on a daily basis. Cooking, laundry, shopping, and providing my wife (M) and our two little dogs with living companionship.

Still, **Jesus** continues to be well-pleased with my activities, and indicated soon after I started writing this Letter that I was still...

“... DOING A VERY GOOD JOB.”

Even so, I did complain mildly to Him that I miss having relationships with other Believers with whom I can talk with about the things of Yahweh. Reminiscent of the “rap sessions” which the Jesus People had all the time, “back in the Day.”

To which He reminded me that He too is Human (being the Son of Man), and that He and I can talk about the things of Yahweh any time.

And yet the pain of missing what I once had still lingers. The Jesus People (and I count myself as a Jesus People) definitely had their controls set for “... the Heart of the Son.”

P. S. The Lord Holy Spirit wants us to say a few words about COVID-19. God is also using COVID-19 to bring correction to the Church, and to bring judgment to the world. I reside in the State of Washington. This state was/is the epicenter of COVID-19 infection in the U.S., and it continues to be the epicenter of HR infection in the halls of the Democratic Party. We have had one party rule in this state for over 40 years. The Democratic Party is dedicated to all those things which Scripture states is dis-liked and/or hated by Yahweh - homosexuality, abortion, unjust taxation, socialism, marxism, bloated bureaucratic government, judicial abuse, ungodliness, atheism, sexual depravity, idolatry, sorcery, and the destruction of the Image of Elohim as revealed in the human family **headed** by a **husband** and father who was conceived and born a male human, and **helped** by a **wife** and mother who was conceived and born a female human. God is using the judgment of the world to judge the world, in this case He is using the decisions made by Democratic Politicians concerning COVID-19 to judge the Democratic Party. Additionally, COVID-19 is also being used by angel Gabriel to aid and assist in separating the tares from the wheat. See Letter 289.

Blessings...

R. C. Theophilus
