

Letter 912d
A Return To The Assembly
Part 5
"I Smell A Rat"
2022-06-14

Dear **Yeshua**,

Monday, 25 April 2022, 8AM

On 4 April 2022 I learned of a Brother (CB74) who had a stroke in November of last year. It was this Brother who first authorized the use of my folding chair at (U19).

I gained this knowledge by an exchange of messages I had with (CB73) of the same Church.

Below are quotes from those same messages. The content speaks for itself.

BEGIN MESSAGES.

===== (AT HOME)

(ME)

4 Apr 2022 - 4:55am

What happened with (CB74)? Why was he in a wheel-chair?

===== (AT LOCAL RIFLE RANGE)

(CB73)

4 Apr 2022 - 7:57am

(CB74) had a major stroke in November and has been at the VA Hospital all the way up until Friday when he finally came home. Last night was his first church service with us. He is a walking miracle.

(ME)

OK. We will be praying. He was the first one to permit me to use my folding chair. I was, and still am grateful *(to (CB74) for that permission)*. Huh, first (CB74), then Pastor (CB65) in February. I "smell a rat". Time for the Rat Patrol.

(...), When we were exchanging texts this morning about (CB74), I was target shooting at my local Rifle Range.

On my way home I saw a Pest Exterminator Company truck parked on the side of the entrance to my housing development.

In big large letters painted on the side of the truck canopy it said:

"GOT A RAT?"

This was the sign to me from the Lord Holy Spirit that I am on the right track.

I get these kinds of confirming signs on a somewhat regular basis.

Blessings,,,

(This morning) I was watching Jim Bakker on PTL before I went shooting, and heard him mention that he also had a stroke. So that's three strokes I have been made aware of. Yahweh has an answer for all three.

(CB73)

4 Apr 2022 - 2:06pm

Amen. He paid for our healing on the Cross at Calvary.

END MESSAGES.

Blessings...
