**The Family Business - Part 2**  
*Jesus (x 3)=*

Dear **Yeshua**,

(This is an edited transcript from a recorded audio field report)

**Thursday, 2 June 2022, 4:58AM**

After walking back up from the river's edge, I met my brother and soon-to-be sister-in-law outside of the Cafe, just after they arrived on his brand new Harley-Davidson.

Then, my nephew and his family arrived, and we all walked into the restaurant to our awaiting tables.

After being seated and offering our initial beverage orders, more "hellos" ensued. Not long after that we were involved in enjoying our respective plates of food, with various conversations between bites.

Toward the end of our meal, I asked my nephew a question. I asked him what three attributes of Jesus most resonated with his own soul.

(CB75)'s answered with his top three attributes of Christ:

1. HIS SENSE OF HUMOR
2. HE IS A BUILDER (CARPENTER)
3. HE IS A "HANDS ON" KIND OF GUY

What I did not know at that moment was that Jesus was going to display #1 and #3 of those attributes within a very few minutes (attribute #2 He had already displayed, just after my arrival).

Then we paid our bills, and went back outside.

Blessings...
