

Letter 914a  
**DREAM**  
**(CB73)**  
2022-07-11

Dear **Yeshua**,

**Monday, 13 June 2022, 5:45M**

(NOTE: This dream account is copied from an email I sent to (CB73))

**BEGIN EMAIL:**

(...), there is another thing which happened along with this (*see Letter 914*).

This morning I woke up at about 5:45AM. I felt well rested, but I was also sore and tired.

I was rested because the **Lord** gave me an extra 90 minutes of sleep.

I was sore and tired because just before waking I had a dream.

**I DREAMED THAT:**

I was with a man who looked like you. We were having some words. There was other activity happening around us. I was exerting a lot of energy just by being around this man.

**END OF DREAM.**

**Post Dream Analysis Says That:**

According to the **Lord Holy Spirit**, the reason the man looked like you in the dream was because the **Lord** was showing me the Lead Fallen Angel in charge of the House of Hell set up by Satan (many years ago), dedicated to your own destruction. I was wrestling with the man, (the fallen angel), in the dream, which is why I woke up sore and tired.

But this contact between me and the evil spirit invoked Rule of Engagement #3. So that fallen angel was sent to the Pit (Abyss) as soon as I woke up.

And the house of hell dedicated to your destruction is now leaderless. It will eventually wither and fall apart, sending the demonic spirits into a state of confusion and into arid places.

But even if they could, they won't have a house to return to, because Archangel Michael will see to the total destruction and collapse of that old house.

There were more details in the dream than what I wrote above, but they faded quickly right after I awoke, leaving me only with this important intelligence.

**END EMAIL.**

Blessings...

R. C. Theophilus
