

Letter 915a
VISION
Bright Light Deception
2022-10-30

Dear **Yeshua**,

Friday, 30 September 2022, 5:21AM

Sometime in the last 7 - 10 days I had a vision. I was sitting at my computer desk, with both of my elbows on the desk, resting my physical eyes (which were closed) in the palms of my hands. Then I began to see...

IN THIS VISION:

... at first all I saw was the darkness of my natural eyes being closed. Then, in the center of my sight, I began to see a swirling light, which was white in color. Then, the light began to expand and consume the darkness as it pressed latterly toward the boundaries of my peripheral vision.

As soon as the bright light filled my eyes completely, I began to see other things. Around the edges of my peripheral vision, geometric patterns began to appear, superimposed upon the light, similar to the black squares found on a crossword puzzle.

Then, to my right, I began to see strange writing which sort of reminded me of Elvish runes (similar to what I have seen illustrated in some of the Lord of The Rings books). I could tell this was an intelligent written communication of some kind, but it was outside of my own knowledge.

Then other symbols appeared which did not seem to have any coherent sense to them.

The writing would come and go, and flash on and off.

The light in the background was exceedingly bright, so much so that I stopped the vision for fear of being blinded.

END OF VISION.

Post Vision Analysis Says That:

After I raised my head from my hands and opened my eyes, the ambient light in my office seemed darker than normal. And it took longer than normal for my physical eyes to adjust to the light of the room, which wasn't very bright, as the only light at the time was low-level, indirect lighting supplemented by the light coming from the computer monitors.

According to the [Lord Holy Spirit](#), the light that I saw in the vision was the light produced by deceiving, fallen angel.

As far as the writing goes, I've seen this "satanic doodling" before (see Letter 450). The runes are the script used by the deceiving angel, and the graffiti and other symbols were demonic communications.

But this reminded me of the verse that says:

AND NO WONDER, FOR EVEN SATAN DISGUISES HIMSELF AS AN ANGEL OF LIGHT.
2 Corinthians 11:14

For this vision, the Lord put me inside the gates of hell, surrounded by evil spirits. And the Lord had opened my eyes to see so that I could bear witness to their evil presence and communications.

It's a good thing the Lord prompted me to ask Him, otherwise I might have thought that the light was the Light of Jesus, it was that bright. That's why it's always a good idea to challenge these things and inquire of the Lord about them, thereby trying "the spirits, to see whether they be of God."

P. S. I have seen both the Light of Christ, and I have seen the light of a faithful angel. See Letters 25 and 728.

Blessings...
