

Letter 915d
MIRACLE REPORT
For The "Umpteenth" Time!
Who Turned On The Christmas Tree Lights?
2022-12-07

Dear **Yeshua**,

Friday, 2 December 2022, 5:16PM

A very remarkable thing happened...

In Letter 867, which was published on 9 December 2020, I report how the lights of our Christmas tree were turned on by an Agency that was unseen. To quote: *"After a minute or two, I saw that the Christmas Tree Lights were on, and in the blinking mode which I typically turn them to. This was odd, because I knew I had not turned them on that day."*

Then, one year later, this same phenomenon occurred for the second time. See Letter 898.

But this year it happened again, for the third time in as many years, and twice in as many days.

The first time was yesterday, Thursday 1 December. I had sat down with my morning coffee, and was busy perusing the TV, when I noticed that the Christmas Tree Lights had come on. This must have happened while my attention was briefly focused either on my coffee cup as I leaned over to pick it up off the side table, or the TV.

I was thinking before I went to bed Wednesday night that I hadn't turned on the tree lights that day, due to my increased fatigue levels from the activity I was involved in surrounding my sibling (CB19). I had set up the tree only a day or two before, in its place next to the TV.

So I was grateful to the Lord and whoever the unseen agent (angel) was He instructed to turn on the lights.

But then today, the lights came on again, and this time I was even more of an eye witness.

(M) and I were both seated in our chairs in the TV room, watching a show and eating dinner. I hadn't turned on the lights all day due to my helping (CB19) with his personal affairs while he is in the hospital. The next thing I know, I am seeing the Christmas Tree Lights, all it up in steady mode.

Someone (other than my wife, my two dogs, and me) must have turned the Christmas Tree Lights on just as my eyes were focused at the TV, which is to the left of the tree.

A very remarkable thing happened...

Well, here we go again. I just sat down with another cup of coffee, and lo and behold if the Christmas Tree Lights aren't on again! This is the third time in two days ya'll!

Someone turned the Christmas Tree Lights on again while I was sitting in my TV chair.

I'm kind of not surprised, what with all the stress (M) and I have been under due to my brother (CB19)'s severe illness, which had brought him to the threshold of death only a week ago.

This is Jesus, letting us know He is directly and immediately involved in our lives.

Thank You Jesus.

Amen.

(SPECIAL NOTE 2022-12-21: This Letter was originally published on 7 December 2022. My brother (CB19) passed away on 9 December 2022. Since then, there have been even more dates/times when the Christmas Tree Lights were turned on by Jesus through Unseen Agency, as follows: 10Dec.-4PM, 11Dec.-3:48PM, 13Dec.-7:40PM, 14Dec.-7:47PM, 15Dec.-3:15PM, 20Dec.-8AM.)

Blessings...

R. C. Theophilus
