

Letter 917
First Letter of Anno Domini 2023
2023-02-10

Dear **Yeshua**,

Wednesday, 11 January 2022, 1:03PM

A.D. 2022 ended with battles being waged, and victories being established.

A.D. 2023 is beginning with recovering from the collateral effect of winning those fights.

My hope is that this year we will complete the Letters to Daniel with Letter 999. Nine hundred ninety-nine is the Letter number that the **Lord Holy Spirit** said we would end with. **He** indicated that sometime after Letter 999 is written, we will begin to write books based on my Letters.

I already have some of the last Letters partially written, saving them for this (perhaps final) Volume.

(... continued 10 February 2023)

I continue to have dreams and visions, and to wake up sore and tired from those messages. But I was consoled recently by learning that the Prophet Daniel (of Scripture) suffered in a similar way when he received certain dreams and visions. To quote:

*And I, Daniel, fainted and was sick for days;
afterward I arose and went about the king's business.
I was astonished by the vision, but no one understood it.*
Daniel 8:27***

So becoming sick and fatigued when new information is revealed is nothing new.

Late January of this year I sent a three ring binder containing Letter 214 and supporting documentation to (CB84). He has an extensive online ministry which deals with the paranormal as revealed in Scripture. To quote part of the Letter I sent to him:

*"I am sending this package to you,
because I believe the Lord desires for the larger Church Body
to begin to know about this event, and
subsequent events which continue to occur in my life.
I also believe that, as referenced in First Corinthians 13,
our two respective prophetic parts may be complimentary one to another."*

I am curiously waiting to see if he responds.

Meanwhile, I continue to attend Church at (U28). They have many meetings throughout the month.

For the greater part of 2022, I was actively interceding for the Second Amendment of the United States Constitution ("2A" - the right of "We The People" to keep and bear arms). I had many dreams throughout last year which had direct application toward preserving the 2nd Amendment.

About two weeks ago the Lord said that He was removing me from actively interceding for the Second Amendment. Right after that the Lord led me to intercede for the relationship that the U. S. has with Canada. But this lasted for only about a week.

I continue to intercede for the government of the State of Washington. This also makes me sore and tired.

(M) and I are down to having only one car (the Toyota Avalon) between us (see Letter 916). We received a sizable compensation from the Insurance Company from their "totaling out" the Chrysler 300, and put that money in the bank.

My feeling is that our Father has another replacement Hemi-C 300 waiting for us to discover. But I think it will be toward the end of summer. For now, the Toyota is still running strong, and getting us around.

But (M) really likes her American Muscle Cars. And so do I.

***For a long time now, I have heard every so often a quiet thought in my mind that says that, in addition to my friend and brother Dan (and Jesus the Son of God) receiving these Letters, the Lord Holy Spirit has been "cc-ing" the Prophet Daniel (of Scripture), so that he has been getting his own copies of the Letters to Daniel as they are published. Makes sense to me.

Blessings...

R. C. Theophilus
