

Letter 919
Two Eagles 2nd Amendment

Dear **Yeshua**,

Below is an edited copy of an email exchange I had with (CB59).

I wanted to document what happened today when we were at (...) Firearms.

I want to remember at this point, that what took place (*occurred just*) after we did the Ruger transfer, and exited from the store; if you remember different please let me know.

We were both standing at the parking lot side of the building (northwest corner), looking out toward the river.

Suddenly you said,

“LOOK, THERE’S AN EAGLE, A BALD EAGLE.”

I looked up and saw the eagle, then I saw a second bald eagle following after the first eagle, remarking the same, (*saying*):

“THERE’S ANOTHER BALD EAGLE.”

(*Then I commented that I suspected the Two Eagles had been over the river looking for fish.*)

Moments later, (*as we walked over to our cars*) you started telling me that you had to send to the IRS two amendments to your income taxes this year, calling it a “2nd amendment”.

To which I responded that I had to do the same thing last year (in 2022) for my 2021 taxes.

After we parted company, I started to think about this, and begin to realize that Jesus was showing us both a message.

I will report on what I think the message is (...).

Before you take a look at (...), maybe you want to see if the Lord tells you anything, and then compare notes.

Blessings,,,

1) LOCATION: (...) Firearms, northwest exterior corner of building.

2) ACTIVITY: FFL Transfer of Ruger .357 Magnum LCR - a gift from you to me.

3) DATE: 1 March 2023

4) WHAT: You and I both saw two bald eagles. I commented that they had (probably) been looking for fish along the river. Then you and I both shared the we both had to do a 2nd Amendment to our Federal Income Tax.

Jesus is stating that there is a prophetic significance to our activity, having to do with the 2nd Amendment of the Federal Constitution Bill of Rights, and that you and I are both witnesses to this significance. Further, it also has to do with finding fish to be caught for the Kingdom.

Jesus is also emphasizing our common continuance in agreement with Him in our prophetic duties. Even though we work independently of one another, we both do similar work, for the same Boss.

P. S. I am reminded of seeing the concrete totem pole on someone's yard. It has been "MMIP-ed."

That's all I have for now,,,
