My Grievances Against The State of Washington
*Destroying The Soviet Prison Camp of
Washington State*
2023-06-08

Dear **Yeshua**,

Thursday, 8 June 2023, 8:31AM

Please permit me to submit this document to the Court Clerk of the Courts of Heaven, in order to lodge these grievances against the State of Washington.

Be it hereby made known to Yahweh, our Father in Heaven and God the Judge of all, that the State of Washington in which I reside has violated both the Laws of God and man, as listed below:

1) LEGALIZED ABORTION: the shedding of innocent blood.

2) AIDING AND ABETTING INJUSTICE: During the administrations of both Governors Mike Lowry and Gary Locke, there were false accusations against the Church and various citizens about sexual exploitation of minors. The case came to be known as the Wenatchee Child Sex Ring case.

3) HARASSMENT OF THE NUCLEAR FAMILY: Under the administration of State Attorney General and then Governor Christine Gregoire, a Washington State family, who owned a house moving business, was “run out” of the State because their young (12 year old?) son would work in the business. He would “ride the roof” of a house being moved, in order to assist in preventing overhead cables from being snagged. The family had to move to another State to avoid being prosecuted.

4) MANDATORY PHARMACEUTICAL COUNSELING: Under the administration of State Attorney General and then Governor Christine Gregoire, state law was modified to require mandatory “counseling” by a licensed pharmacist to those who purchase prescription drugs at in-state pharmacies. To my knowledge, there is no process for opting-out of this mandatory indoctrination and intrusion into personal privacy.

5) WILLFUL OPPOSITION TO AND VIOLATION OF THE STATE CONSTITUTION AND THE U. S. BILL OF RIGHTS: Over the past many years, the State of Washington has passed laws which detrimentally effect (“impair” and “infringe”) the purchase and ownership of various fire-arms and accessories. These laws are in direct opposition of both the State of Washington and United States Constitutions, with special emphasis against the U. S. Bill of Rights.

6) ABRIDGMENT OF PERSONAL LIBERTY: Laws have been passed which forbid the use of tobacco products in both private businesses and public areas.

7) AIDING AND ABETTING THE DELINQUENCY OF MINORS: Laws have been passed which decriminalize the possession and use of various harmful drugs. These drugs have serious detrimental effects on young people, and empower minors to commit crimes.

8) AIDING AND ABETTING THE DESTRUCTION OF THE NUCLEAR FAMILY: Laws have been passed which permit vagrant (“runaway”) minors to seek refuge in this State, without the consent or knowledge

of their parents or legal guardians. These minors are then permitted by law to seek and acquire permanent physical harm to themselves under the guise of medical procedures.

9) FAILING TO ADDRESS UNLIMITED POWER OF THE OFFICE OF GOVERNOR: During the 2020-2021 and 2022-2023 legislative sessions, the State Legislature had opportunity to form and pass laws that would prevent Gubernatorial abuse and overreach (which became apparent during the global pandemic known as COVID-19). But the Legislature failed to act, leaving the Office of Governor with almost unlimited power during a declared emergency.

11) CAP AND TRADE CARBON CREDIT TAXATION: These tax laws have resulted in the artificially inflated price of gasoline, which contributes to overall inflation. The mindset which gives rise to this form of taxation is borne by the idolization of the climate (worshipping the creation rather than the Creator).

12) NUISANCE LAWS AND OTHER EXORBITANT TAXATION: There are too many nuisance laws (laws that are overbearing or otherwise unnecessary) to address individually, but I would include those laws that prevent mail-order purchase of pipe and other tobacco products, the tax on grocery bags and restaurant to-go containers, etc.

— — —
These laws and others have given rise over time to a soviet socialist style of government. The Free State of Washington that I grew up in has become an enclave of Marxist ideology and rule. A true slave state (see Letters 06a, 68, 77, 845, 860d, 861).

This was made clear during COVID-19 when the Governor closed down all but “essential” businesses. He then weaponized the State of Washington against itself by “deputizing” private businesses to enforce Health Department mandates such as facial coverings, social distancing, and forced vaccinations, against the residents of this State. I was forewarned of this in 2018, in a dream given me by the [Lord Holy Spirit](#). See Letter 689.

I do hereby pray for remedy secured by Jesus on the Cross of Calvary, not only for myself, but for those who do not have standing in the Courts of Heaven to sue for the Forgiveness of Sins.

Dear Father and Judge, please I pray, bring a full end to the listed and other like violations, forgiving those who have sinned, and providing both temporal and everlasting remedy and relief for those who have been sinned against.

In Jesus Name,

Amen.

Blessings...

R. C. Theophilus
