

Letter 926
First Letter of A.D. 2024
2024-02-03

Dear **Yeshua**,

A very remarkable thing happened...

Ever since the Biden/Democratic Party Administration took power in January of 2021, I have been **more sore** and **more tired** overall than I ever was all throughout the Trump Administration, or even the Obama/Democratic Party Administration.

This is because the Democratic Party/Biden Administration is steeped in and held captive by a variety of Spirits of Witchcraft.

According to [The Lord Holy Spirit](#), these evil spirits are ruled by a fallen angel called "The Sorceress". And she in turn works closely with rulers of the Houses of Sexual Perversion and Idolatry. See Exodus 22:18-20.

The [Lord](#) illustrated this in a dream [He](#) gave me at the start of 2019, which I documented in [Letter 740](#). My increased soreness is reflective of the greater powers of evil which the [Lord](#) is both hindering and terminating, by and through our work together serving **King Jesus**.

This is also why I have written fewer Letters in the last few years, compared to previous years.

But I do have hope that the up-coming election in November 2024 will return Donald Trump to the Presidency.

Earlier I was perusing [Volume 00](#), and came across [Letter 564](#). What struck me is that I had titled it with this phrase:

PRESIDENT TRUMP! PRESIDENT TRUMP!

If this is at all prophetic, it speaks to the two terms of President Trump.

This will be proven in November of this year, one way or another.

Blessings...

R. C. Theophilus
