

Letter 189
An Apology To Women Is Offered
2013-06-15

Dear Dan,

13 June 2013.

Last night the Strong Hand of The Lord came upon me to intercede on behalf of men and apologize to women for all of the abuse men have caused toward them.

By the Power of the Word of God, the Son Jesus Who shed His blood on the cross some 2,000 years ago, please see the attached letter which was sent to (CS5) of (G20).

This apology was prompted initially by a phrase from a sermon I recently heard given by (CS5). In this sermon she quoted Jerome, one of the early Church Fathers as having stated that;

“... women are a temple built over a sewer...”

This combined with other terms of reproach against women I have heard over the years is what the Lord used to bring His Word to me in order to repent.

Blessings...

R. C. Theophilus
