

Letter 206  
**Delta-1, Delta-2, Hotel-3**  
**Zero Through Niner**

Dear Dan,

Part of the military training that was given me from the Lord when I was a young man had to do with radio communications. And, He wanted me to learn from angel Gabe how important this training was to Him and how He would make use of it later on.

I'm not aware of how it is presently in the Army, but "back in the day" I was required to learn a unique method of relaying verbal information if there was static or garbled communications in the air. It is called the Phonetic Alphabet. I won't write all of it in this letter, but here are the first few words.

A=Alpha, B=Bravo, C=Charlie, D=Delta, E=Echo, F=Foxtrot, G=Golf, H=Hotel, and so on.

This was used to send codes that could be understood clearly and decoded by the recipient. For example, lets say a coded map grid co-ordinates of A3E9G5 was needed at the front lines. The RTO would fire up the radio and send these words;

"ALPHA-THREE, ECHO-NINER, GOLF-FIVE"

In the early days of the Day of 7, after angel Gabe and I started having routine conversations, we would talk about Earth, Middle Heaven, and the Third Heaven. Because I can be from time to time a typical verbal lazy American, I wanted to have sort of a verbal short-hand to reference all three. And, since all three are created places, they have dimensionality. They can be measured. So I started to use Delta-1 (Dimension-1) for Earth and its created environs, and Delta-2 (Dimension-2) for Middle Heaven.

Since the Third Heaven is a special place, where God dwells and there is no sin, I wanted to differentiate it from the other two dimensions, so I called it Hotel-3.

At around this same time, Gabe was instructed by the Lord to teach me how this unique alphabet could be used to reveal the blessings that had already been bestowed upon any given place. Simply by revealing what is already there destroys the works of the devil in deceiving those people who may be effected by their present dimensional location.

In a future letter I will document the complete Phonetic Alphabet and how it works. There is also a numerical application that comes along and completes the Revelation of Blessing. This too will be documented.

Blessings...

R. C. Theophilus
