

Letter 216
End Game - Part 1
Taken By Surprise!
2013-10-17

Dear Dan,

Needless to say, my mind has been overactive with all kinds of questions, quandaries, notions, assessments, thoughts and ideas during all this time, but especially since things really started to heat up at the first part of August.

The next few letters will focus on what actually happened in the days between the time Satan was confined to the tree in my back yard (click here to see photo), up through the 9th of October, when he was forcibly evicted from the United States, and TAKEN to a GRID location in Southern Tunisia.

After receiving and agreeing with The Word Against (G6)(see Letter 195 Volume 4), I knew victory was at hand, simply because for the first time since I started working there and felt my life-force drain out of me, I began feeling better in small increments about being at (G6). But more importantly because I finally saw and heard the evidence that The Gospel Message now has the freedom to be proclaimed. Here is how I know this.

On or about the ninth of October I was working in (G6d) at one of the nurses stations. As I was bending over to empty a trash can, a nurse asked what I was listening to.

I said, "Joshua Chapter 8".

"Oh really!?" she replied with a big grin.

"Yeah, and with a little bit of rock 'n' roll added, like Iron Man", I responded.

"I knew it", she said with an even bigger smile.

And I knew then that our exchange at that moment was under the direct anointing and control of angels Mark (oh really!?) and Luke (a little bit).

What the nurse didn't know was at that very moment I was listening to the audio version of The Word Against (G6), right in the middle part of Joshua 8, which of course has Iron Man (by Black Sabbath) as it's theme song.

That exchange proved to me that the Word of The Gospel of Jesus Christ had been freed from the captivity of the King of Ai, Satan, who rules his influence in the World of Medicine through sub-ordinates like Hermes.

But there was more.

After the Devil was given a “time-out” by God and sent to my backyard and I was given the Word Of God Against Satan, I could tell that angel Gabe was on the verge of having an emotionally charged “Joy” melt-down. He started telling me that Satan being isolated from his troops had never been done before, and that this Word was a complete surprise to everyone. And he started calculating how this might effect the War Effort to proclaim the Gospel unto the Salvation of Many.

Fortunately, Gabriella came to the rescue of both he and I with her more circumspect and subdued demeanor. But I got the point “Loud and Clear”. What this represents to angels on Earth, (and maybe in Heaven too), is the coming of a New Day.

I very recently asked the Holy Spirit how long Satan would be confined like this. He answered;

“UNTIL THE JOB IS FINISHED”.

I turned to Gabe and asked, “What job is He talking about?”

His answer was that it has something to do with separating the Tares from the Wheat (see Matthew 13:24-30).

So apparently Dan, a change in Chronology has begun. An Old Day is drawing to a close, and A New Day is not far off.

As for me, I could tell a difference right away when Satan was confined to my backyard. Just about every fear and disgust I had with my being at (G6) vanished, almost overnight. The difference in my attitude now about (G6) is so far removed from what it was for 12 years as to be categorized as a Miracle. I remarked to Gabriella and Gabe last night that while (G6) was once Hell On Earth, it has now become a Safe House.

I was also introduced to the two Angels whose job it is to teach and train other Angelic troops how the victory at (G6) was accomplished. Angels from Hospitals around the World will come to (G6) to learn how to apply the battle tactics to their respective charges.

There is going to be a Night between the Two Days, when Satan’s armies will fight with ferocity using every satanic weapon in their arsenal, but it remains to be seen just what effect this will have in the World and in the Churches, seeings how they can no longer communicate with their god.

But we will share as much as possible from what we’ve already learned so far.

Blessings...

R. C. Theophilus
