

Letter 262  
**From Angel Gabriel To You**  
 (And Other Stuff)  
 2014-07-05

Dear Dan,

4 July 2014.

Yesterday angel Gabriel told me that he had a personal message from Jesus to you, and that I should write this note, **which he will accompany**, so that he can give the message directly to you.

He didn't say and I didn't ask what the message is, since it's none of my business, other than to let you know.

= = = = =

In the meanwhile, some more "things incredible" have occurred at (G6) that are first's.

The first thing is this; I was able to defend myself immediately against a demonic/human assault. Please allow me to explain.

Over the years at (G6) I have had various other employees put their hands on me unexpectedly. And every time except one the action was inspired by their own insecurity, usually combined with a familiar demonic spirit attached to the touch. I wrote about this occurring earlier in (G6d), which is where most of the "unwanted workplace touching" happened.

And each time I would just take the assault (which is what it was) silently and then later get angry before the Lord, wondering what to do. And each time I was directed by the Lord to go to the person and tell them I didn't like it and to not put their hands on me again. But each time I was also fighting FEAR and CONFUSION.

Not this time.

This most recent event happened my new route in (G6a) on 25 June. I was in a room cleaning, and a new employee entered along with a nurse. This was only the third time that I had seen the new employee. The previous two times he had also been with another worker, and had made strange remarks at the white safety hat I wear. As they approached the area I was cleaning, he put his hands on my left shoulder and groped me for a second or two, and said how he liked seeing me. I responded immediately with these words as I looked right into his eyes;

"... BUT I DON'T LIKE IT WHEN YOU PUT YOUR HANDS ON ME,  
 SO DON'T DO IT".

What I saw looking back at me from inside the man was Death.

As I write this the Lord shares with me the knowledge that I was addressing one of the networks of familiar spirits that inhabit the “Medical/Industrial Complex.”

=====

The second thing is a Prayer that was Prayed and a Word that was Declared.

One of my co-workers is a Lady named (CS8), who I found out is from the country of (L26). I also found out she is a Christian. Please allow me to explain.

One of the areas she cleans doubles as a hall to the outside parking garage where we go sometimes to look out onto the freeway and take smoke breaks. As we were walking back from a smoke break, we passed (CS8) as she was cleaning a room. She started talking in her accented english, and I almost passed her by, but I stopped to hear what she was saying. As she spoke, I could tell she was in some distress, and as I listened more she told me how she had received word from (L26) that her father was in his last days of life. She had approached the supervisor and manager about taking emergency leave, but from her perspective they had brushed her off.

As I listened, a choice presented itself to me that would allow me to continue on to my own work, or stay and get involved. I thought for a few seconds, then decided to see if I could help.

So I asked her if she believed in God. “Yes”, she replied. Then I asked her if she believed in Jesus. “Yes”, she replied again. I knew then I had to pull out all stops and do whatever was possible to render assistance.

I said to her, “Take my hand. I will pray for you”.

So, right there in the hallway, I took her hand with my left hand, and with my right hand raised to Heaven, together we prayed that the Lord would make it possible for her to go on Emergency Leave from work and fly back to see her Dad before he passed away, and that the Lord would keep him alive long enough for that to happen.

After the prayer I left her to use the restroom. And while I was in the restroom a very frightening thought occurred to me. But I knew I had to act on this thought, very likely remembering the \$200,000 dollar lesson I learned in 1997.

I left the restroom, went back to her and asked her if she read the Bible.

“Yes” she replied.

Then I spoke these words to her;

“THE ANGEL GABRIEL IS HERE NOW, AND HE WILL TAKE CARE OF IT FOR YOU. IT’S ALL  
TAKEN CARE OF. DON’T WORRY ABOUT IT”.

This happened on Wednesday, 2 July 2014 at about 11PM.

The next day, Thursday, I looked up (CS8) to see how things were going. She said that she was going to HR the next morning (Friday) to fill out the Emergency Leave forms. And when we came to work on Friday the Fourth of July, we confirmed that (CS8) was absent from work to start her leave, and will presumably return in three to four weeks. This was further confirmed on Monday 7 July when the line on the sign-in sheet for her to sign in on said LOA, for “Leave Of Absence”.

These two things are first’s at (G6), and reveal AVTOS at work.

Blessings...

R. C. Theophilus
