

Letter 274  
**The End Of The Day Of 9/11**  
2014-09-04

Dear Dan,

The other day I was laying in bed thinking like I do, and I began to state to my angel family how that for years I would think it was still the "Reagan Era" (or the Day of Reagan), even long after his second term had expired. After that it became the "Clinton Era". And now the "Obama Era".

But ever since 11 September 2001 (9/11), in my life it has continued to be "The Day of 9/11". As soon as I said that angel Gabe lifted my right hand and pointed it to the bedroom door and said;

"9/11 ENDED THE DAY SATAN WALKED INTO YOUR BEDROOM."

He was referring to what happened which is described in Letter 213 volume 4, when Satan was sent to the tree in my backyard. This became official on 9 October 2014, or "10/9", when the Devil was banished to the desert in Southern Tunisia.

Now it is still night. But the New Day soon to dawn will be all about the Heart Of The Son (HOTS).

Blessings...

R. C. Theophilus
