

Letter 285  
**DREAM**  
**Gabriel In The House**  
2014-10-19

Dear Dan,

7:00PM, 18 October 2014

At the time and date above, I awoke from a dream. I dreamed that;

I was at the old goat dairy farm where I worked as a youth, speaking to the Lady of the Farm. I was in casual conversation with her, and at one point I remarked that the angel Gabriel lived at my house. She responded with;

“YOU MEAN LIKE THE GABRIEL IN THE BIBLE?”

“YES”, I replied.

Then I awoke.

This dream left me drained of energy. I woke with sore shoulders from battle, and I could tell I was going to need a nap later on to make up for lost sleep.

(M) and I had already made plans to go out to our favorite restaurant in town. So we went out, but as soon as we got home and I did some stuff around the house, I went back to bed and slept for about three hours.

I awoke from the nap feeling more rested than I can remember, and in the lowest pain in weeks. I am still processing this event, but I think there was a major defeat of enemy forces in this dream.

Blessings...

R. C. Theophilus
