

Letter 299
On Point
 2014-12-17

Dear Dan,

*“In modern military parlance, to take point, walk point, be on point, or be a point man means to assume the first and most exposed position in a combat military formation,[1] that is, the leading soldier/unit advancing through hostile or unsecured territory.[2][3] The term can be applied to infantry or mechanized columns. The soldier, vehicle, or unit on point is frequently the first to take hostile fire. The inherent risks of taking point create a need for constant and extreme operational alertness. However, ambushes often intend to let the point element past the prime killing zone in order to be maximally effective. **Point position is often rotated periodically so as not to overtax the individual soldier/unit.**” (From Wikipedia).*

One of the more remarkable things about the relationship my angels and I have with one another is how the Holy Spirit will select one or the other to be “on point” on a particular day and/or for a particular project.

We can all tell when the Lord is speaking to us, or if He is speaking to just one of us. For instance, the Word Against the Dominatrix was given to angel Gabriella in very general terms, and she immediately began to share it with me. Then, the Lord gave to me the various parts of the puzzle to piece together which then produced what became Letter 236.

Of course there are things that I, as a Redeemed but “Yet To Be Translated or Resurrected Believer”, cannot do, such as make myself invisible and walk thorough walls, etc. But all the things that I am led to do by the Lord I am able to do because I can do all things through Christ Who strengthens me.

Another time was when angel Gabe said we were to continue at (U14). He was on point with that Word, but then later the Lord led us, through His ministering in my own heart, to go to a different Church.

And now most recently is angel Gabriel’s offer to share his management position at (G6). It was the Lord that put it on his heart to make that offer. He was on point with that Word.

It is always the Holy Spirit that leads us. And because I find it difficult sometimes to think clearly, I trust Him and to give appropriate instructions to my angelic family. Sometimes I have to trust Gabe to literally “tell me what to do” if I have too many choices in front of me. Sometimes I am knowingly led, quite literally by the Lord, from moment to moment. It’s very likely that the ongoing input I have from angels prevents mental illness, something that would likely occur in my mind because of the close quarters combat I do with the enemy.

What I have discovered is that all my steps are put before me by the Lord. That’s why I see so many things happen with an accuracy that can only be described as miraculous.

Because they really are.

Blessings...
