

Letter 302  
**"Where Are Your Accusers Now?"**  
2014-12-21

Dear Dan,

For most of this past year, and maybe even before, from time to time I would feel a tingling on my back. This would be localized to an area about the size of a quarter, and would last for anywhere from about five minutes to one half hour. If I scratched at it it would go away for a minute or two and then come back, but would go away.

What was interesting is that the area that the tingling would be was different with just about every occurrence. Sometimes it would be in the same place, or the next time it would be in a different area, such as the upper part of my back, or the lower, and would locate from one side to the other.

After putting up with this for a while, I asked angel Gabe what it was. He informed me that I was feeling a physical effect from Satan's chorus of spiritual accusers, that he sends to accuse the Elect twenty-four hours a day, seven days a week.

Because of the Lord's gifts at work in me, I really could seldom hear directly their accusations, which is the main reason the Devil had to resort to making false accusations through other people over the years like my mom, a camp youth counselor, and the manager at work, to identify a few.

I think it was some time in the early summer of this year that the Lord sent a remedy. I sort of prayed for this affliction to go away, but since it wasn't really painful, just annoying, my prayer wasn't really that robust.

But the answer the Lord sent may well prove to be the most powerful Weapon He has given me to date. What I am about to describe occurred over a period of many days and in stages, about which this narrative will encapsulate into one event description.

I was in the kitchen, while my back was tingling, and an angel from Heaven whose name is Seth appeared in spirit mode and stood behind me. When he did this, the tingling stopped. And any time the tingling started again, he got behind me and the tingling stopped. I noticed that he was wearing what appeared to be a jump suit made out of the same material as the Armor described in Letter 217. Tiny oak leaves of a steel gray overlapping in rows.

After a little while angel Seth departed, but was replaced a little later on by something else. A Mantle of Forgiveness Omnipotent.

In July of this year I had the vision described in Letter 260 (VISION - Ablative Armor Mantle) in which I was issued this Mantle. What's interesting is since that time there was a learning curve on its use. In the Vision, angel Maiah was the leader of the angels who were

worshipping Jesus and adorned with the Mantle of Forgiveness. And after the vision was completed she helped me learn how to wear the Mantle properly so that if I moved too fast in the spirit, I could re-adjust the Mantle quickly into its proper place on my back and sides. I wanted to call the Mantle a cloak, because that's what it looked like to me, and it behaved much the same way in the winds of the spirit that a natural cloak would in Delta 1 time/space. But its true nature is that of a Mantle, like Elijah's.

As of this writing, I almost never have any of the tingling symptoms on my back any more. If it does happen, I stop, readjust the Mantle, and continue with whatever I am doing. The tingling then stops almost immediately.

One more thing. The fabric width of the Mantle is large enough so that if I spread my arms, I can cover at least two other persons with the effect of the Mantle. This is another Weapon Omnipotent in the Arsenal of Intercession.

Blessings...

R. C. Theophilus

P. S. Did you ever see the movie The Illustrated Man with Rod Steiger? I am beginning to feel just a little that way.

P. P. S. The color and texture of the Mantle offers excellent cover and concealment. It's dull, steel-gray hue blends into whatever background there may be, providing a most excellent camouflage.
