Greetings in Jesus Name!

While you and I do not yet know one another, it is possible we met briefly sometime in 1994 or 1995.

It was in one of those two years that there were some revival meetings at (U19), that I heard advertised on the radio. Having been brought up with a Pentecostal Christian background, I became interested in attending one or two of the meetings.

At the end of a meeting, I remember a young man came up to me and, in a sort of apologetic manner, began to explain to me about the various manifestations that were occurring in the meetings. After he was done talking, I looked at the young man and said;

“WELL, NOT EVERYONE LIKES TABASCO SAUCE ON THIER EGGS”.

I don't know if that was a younger version of the present you, or if it was someone else. But I am writing this letter for two reasons.

First, I was prompted by the Lord in no uncertain terms to do so, and two, I would like to share with you what I believe to be the geographical location of the Headwaters of the Outpouring of the Spirit of God into the Pacific Northwest. This is located in East King County not far from where I live.

Further, I also believe, should the Church at (U19) choose to accept it, that the Lord would have Stewardship and Responsibility of this location be offered to the Church.

Would you be willing to meet with me to further discuss this possibility?

Dinner is on me should you choose to accept, preferably on a week night in (L18) at a restaurant known as (G12).

Very Truly Yours,

Romanus Christian Theophilus
