

Letter 306  
**End Of Year Recap And Comments**  
 2014-12-29

Dear Dan,

The Lord suggested that we review all and highlight some of the accomplishments of Jesus during 2014, and to identify upcoming projects for 2015. First, the projects for 2015.

Two military targets were already identified for next year, that being the rulers of both Islam and Hinduism. And very recently the Lord identified the Power of Witchcraft that rules over the three remaining Principalities of the West Coast as another target. As far as the Letters To Daniel go, the Lord said that He wanted to “true up” the volume numbers with the year numbers. To accomplish this, Volume 5 will continue into 2015, and Volume 6 will begin with 2016, etc. You have probably observed that the website gets populated with “sanitized” versions of these memos. This works well, and means I don’t have to worry about keeping the decryption table updated. It does however, put a bit of a (hopefully small) burden on you, in that sometimes I do have to come up with additional codes for new people/places as needed. I trust this does not pose too great a problem at your end.

Now, a review of the accomplishments of the Lord Jesus in 2014.
