

Letter 313
The Lost Anointing Of The 1980's
 2015-02-02

Dear Dan,

Ronald Reagan was elected President of the United States in 1980. He brought with him an optimism which the Lord gave to him to help the U.S. recover from the curses of the Viet Nam war, and the Persian (Iranian) hostage crisis. I remember that he emphasized Small Business, and encouraged Entrepreneurial-ship. Over time the economy became stable, and people began to feel upbeat and happy again.

In 1980 I was 21 years old. I had worked for (G1) as a janitor, obtaining employment as soon as I returned home from U.S. Army Basic Training and AIT (Advanced Individual Training) in August of 1976. But, being young and wanting to learn new things, I left (G1) in the Spring of 1979, after almost three years. At the time I knew some other Christians that had their own cleaning company, specializing in cleaning church buildings. One of the Brothers helped me get my first business license and first cleaning accounts. The slogan that I put on my business cards was;

Competitive Janitorial Services
"In The Spirit Of Free Enterprise".

The anointing that was given to Mr. Reagan and the Republicans at the time was a mere shadow of the anointing the Lord had in store for the Church here in the Pacific Northwest and beyond.

But many Churches began to re-interpret the meaning of wealth. Instead of valuing the things of God, like Peace, Joy, and Righteousness in the Holy Spirit, we became obsessed with obtaining more money to build better facilities and fund more Other Than Biblical (OTB) programs. Mass marketing doctrines were imported into the Church to promote growth in numbers, but individual Scriptural literacy waned, along with hymnals with musical scores that encouraged the reading of music. **Ignorance** became the default "modus operandi".

And rather than focusing on the gift of the Holy Spirit, the Church sidetracked itself into things of the flesh. Things of this world. Earthly politics became fashionable, with things like The Moral Majority, outlawing pornography, the War On Drugs, etc.

Because the focus moved from Heavenly things to earthly things, "Uday & Qusay" were able to build up a spiritual stronghold of unbelief and division in the Churches so that **we could no longer understand** the advantage and value of the benefits of receiving the Gift of the Holy Spirit.

And so the gift of the Holy Spirit was by and large neglected and abandoned. U&Q then set up guards to make sure that the vast stores of Good Things from Heaven, poured forth on

the whole earth during the Reagan era would never be seen in the Church.

And the Church became more like a Commercial Religious Organization (CRO*), and the Senior Pastor, a CEO (the CEO of the CRO). But there were a few Independent Contractors outside of the CRO's that had tasted a little bit of what the Lord wanted for His Church. FREEDOM and LIBERTY. Keith Green was one of those, whose life was cut short due to an unfortunate airplane accident on July 28, 1982.

The most important gift that was being interdicted by U&Q was LIBERTY, especially the liberty to WORSHIP freely.

But the Gifting of the 1980's is still intact, sitting in a dusty and forgotten warehouse. The Warehouse is located in Acts Chapter 2. The anointing of the 1980's had been prophesied both in song and lyric in the 1970's by the Christian music group known as The 2nd Chapter Of Acts.

In the dream Car Thieves (Letter 240, Volume 514), the Lord did two things. First, He revealed the Stronghold that had been built against the Holy Spirit in the '80's, and He began the process of Liberating the Warehouse from Hell.

The Lost Anointing of the '80s will be added to the PraiseTree Anointing, bringing **unlimited** and **omnipotent** Power to the Churches. And this generation of Believers will be wise yet humble enough to receive it. All of it. And the Gifts in turn will be used in accordance with Scripture. Speaking the Truth in Love will once again prevail on the face of the earth.

*I first heard the term "CRO" from my friend (CB4), who was at (G12) some time in 1990. He was with some other Brothers discussing the things written above. The commercialization of the Kingdom in the Church. The phrase "Commercial Religious Organization" was first revealed at (G12) at that time.

Blessings...

R. C. Theophilus
