

Letter 318  
**Superbowls 2014 And 2015.**  
**A Win For Both Nations.**  
2015-02-24

Dear Dan,

In Superbowl 2014, the Lord allowed the Seattle Seahawks to win the NFL Championship. This was so that the Lord could send a two part message to Satan's camp about the Word of Jesus against Witchcraft over the United States and in America. The second part of the message is the win this year, 2015 of the New England Patriots over the Seahawks. The Seahawks' Superbowl win in 2014 was also a personal sign to me that what happened on 9 October 2013 (see Letter 214 - Volume 4) was truly real and of God. And, after I got over the shock of the Patriots win, discovered this was also a sign. Please allow me to explain.

There were three games in the 2013/2014 regular and post seasons of which the Holy Spirit led me to pray specifically for the Seahawks to win. Two of the three games required the 'Hawks to win in order to proceed to the next level of the championship. One of those winning games is already documented in Letter 212 (Volume 4).

But in the third game, the win was even more spectacular. This was a 5PM game against the San Francisco 49ers and for the Conference Title. (M) and I left our house at about 6:30 to have dinner out with family. We had the car radio on, listening to the game for the thirty minute drive. I had prayed a day or two earlier for a win.

When we made it to the parking lot, the game was near the end, and the score was close. We reluctantly turned off the car, and wanted to get inside quickly to see the end of the game on the lounge TV monitors.

After we entered through the main doors, we saw a crowd of people bunched up at the bar end of the restaurant. Most of the patrons and wait staff had gathered together in order to see the TV, because it was clear that the final play of the game would send the Seahawks to the Superbowl, if they won.

And, in just the last minute of play, a catch was made by the Seahawks in the end zone. But it wasn't just a normal catch. The ball was stopped in midair by the hands of one Seahawk, then immediately batted down into the hands of another Seahawk who was laying on his back\*. The crowd of workers and patrons clapped and cheered for more than a few minutes before taking seats and returning to work. It was really quite a moment.

With that catch, the game was won and the Seahawks were on their way to Superbowl 2014 at MetLife Stadium at the Meadowlands Sports Complex in East Rutherford, New Jersey, where they defeated the Denver Broncos with ease, 43-8.

OK. Now it's February 2015, and the Seahawks have just lost the Superbowl to the New England Patriots 24-28.

I was not really led to pray for any wins in the 2014 season, except for one game. In an earlier game I did pray on my own for a win, but the 'Hawks lost. But they won the game I was led to pray for.

In the second week of the two-week period between the last post season game and the Superbowl , I had occasion to call my friend (CB8), who knows about all things football. While we were talking, the thought crossed my mind to pray for the Seahawks to win the Superbowl. So I asked (CB8) if he would lead in prayer for this to be so, and I would agree. But he said; "No, I can't pray for the Seahawks because I am a Broncos fan".

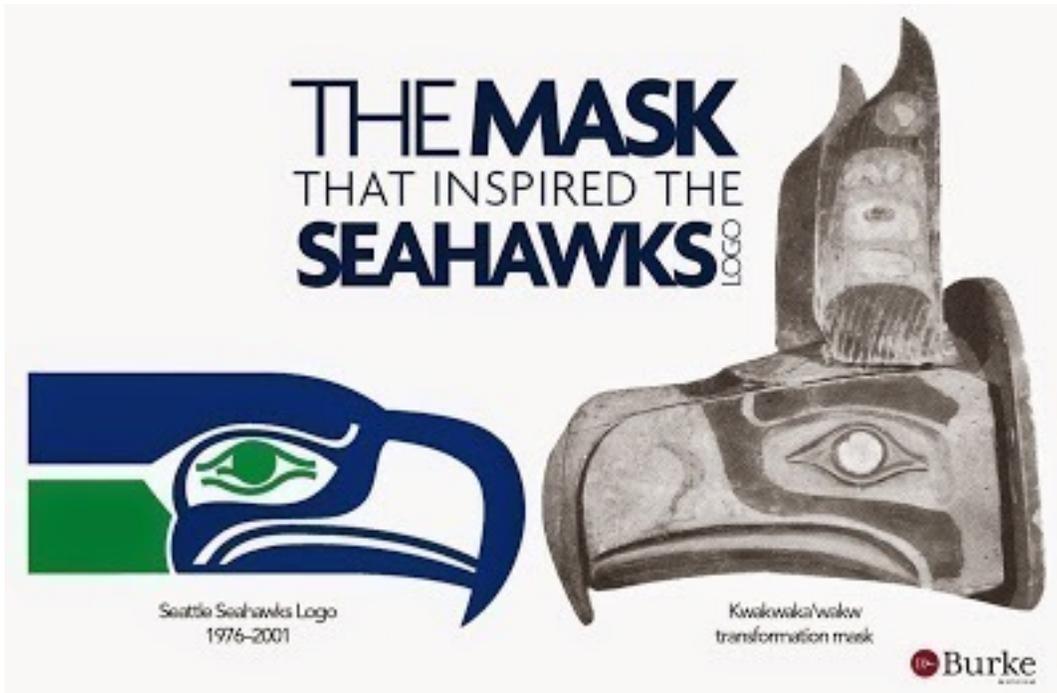

"OK", I replied. "But, how about if I pray and you agree".

(CB8) said "OK", and I prayed for the Seahawks to win, with him agreeing.

Now, we both know how the Seahawks would have won the Superbowl, except that in the last minute, Malcolm Butler of the Patriots intercepted what should have been a winning Seahawks pass into the end-zone.

So afterward I was lamenting the loss before the Lord, wondering what happened to the prayer I prayed with agreement with another Brother. The Lord said that this was actually a win for Two Teams, and for Two Nations. And He pointed out that even getting to the Superbowl requires championship ability and anointing on both sides. But then the Lord began to describe to us how that there are are two parts to this message.

First, the 2014 Superbowl win by the Seahawks. The Seattle Seahawks' mascot insignia speaks of the First American Nations, the Indians, and refers to how they have been influenced and held captive by various evil spirits from the time they first arrived to North America.

Second. The New England Patriots insignia speaks of the first Christian Americans, and how they brought the Word and the Life of Jesus to the Americas. These then became the predominant influence for the founding documents of the United States, and the organized defensive militia called The Minutemen.

In other words, with the Championship passing from a team whose name and insignia represent the First Nations on the West Coast (Chief Sealth - Seattle), to the team that represents a New Nation on the East Coast (New England), along with the timing of the prophetic Word Overthrowing Witchcraft in the U.S., Jesus is revealing His Word of Victory

against Witchcraft. Both in the First Nations World, and The United States of America. From Sea to Shining Sea (see Letter 21 - Volume 1).

According to Wikipedia, the motto of New England is “an appeal to heaven”.

As I was writing the memo, another thought occurred to me. Is it possible that, by my requesting prayer support for the Seahawks win from a Brother whose heart was for another team, it brought about the Patriots win?

Our prayer was divided, and our hearts were not in agreement. (CB8) wasn't against the Seahawks, but neither was he for their win. I believe it likely to be true that if (CB8) had been of one heart with me in prayer, Jesus would have honored our request and the Seahawks would have won a second Superbowl.

But the Lord was able to have things go His way. Two wins for Two Teams and Two Nations, and a lesson in “agreeing together in prayer” for me and anyone else who may read this letter. Angel Gabe would observe just how efficient the Lord is in this unique operation.

Blessings...

R. C. Theophilus
