

Letter 324
Just A Few Of My Own Thoughts...
2015-03-15

Dear Dan,

I was expressing to the Lord recently that I really wanted to see you some day. Almost immediately He responded by giving me the knowledge as to why He has not led you and I, up to this point, to have any real-time duplex communications. If there had been any dialogue between us pertaining to these letters, then I would have started "**writing to effect**" (His words). To clarify, I would have been writing things in response to you, rather than things in response to the Lord. Not a sin necessarily, but just not His will up till now.

This Word then gave me great comfort, and made perfect sense. It occurs to me that there might be other factors, but that is the reason the Lord gave.

Since writing these letters, the Lord has never disclosed to me anything from your end, except one time. This happened maybe 12-18 months ago. One day while I was in meditation, before I was blinded by The Two Archangels of Hell (see Letter 239 - Volume 514), I found myself standing in the spirit outside of a gay bar in Seattle called The Wild Rose. We, you and I, were standing just outside of the entrance door. I was on one side, and you were on the other. We were facing each other, and I remember that we were in agreement in asking Jesus for forgiveness of sin as people walked into the bar. Hmmm. It just now occurs to me that this qualifies as a vision.

That's really the only time I remember that the Lord made any sort of spiritual connection between us outside of our previous actual meetings. I had first visited The Wild Rose in the summer of 2000, after meeting Erik for the first time at Denny's, and subsequently spending the better part of a day at various places in Seattle (see Letter 142 - Volume 3).

But now I think the Lord is actually leading me to make this offer to you. (G29) was torn down last year. Since then I have learned that the new restaurant being built to take its place is (G30). And I have reason to believe it is a Christian (Kingdom) Restaurant chain.

Once they are open for business, and I get a chance to scope out the place, I would like to invite you to join me some week day evening for a meal there. I'll get back to you when that time comes. Because of hearing words that came from you, I know that Jesus had given you a Heart of Love for Seattle. I hope that some of what I have written has substantiated that Love with supporting facts.

I hope you are well.

Blessings...

R. C. Theophilus
