"I Gave My Back To The Smiters"  
2015-04-27

Dear Dan,

26 April 2015

Just before the beginning of 2014 the Lord informed us of His desire that we not engage in any new wars for that year. We were authorized to defend ourselves if we came under direct attack, but other than that we adhered to His Word without deviation.

That was then, this is now. We knew before January of 2015 that we would be returning to active battle status. This also closely coincided with the change of intercession we were given. We are now directly in the line of fire between hell and the Church.

I have already mentioned of some of the strange physical phenomena I experienced in 2014 as a result of conflict with hell. Stiff neck muscles. Sore shoulder and arm muscles when I wake up from sleep, and general fatigue, not to mention getting spiritual acid thrown in my spiritual eyes by "Uday & Qusay".

But another new pain has recently emerged. I think this started in the past four to six weeks. The muscle group at the small of my lower back will start to tense up and spasm for no apparent reason. Except there is a reason.

Whatever assault hell sends to the Church that is designed to break the Church's back stops with us, and translates into severe pain in my corresponding physical back muscles. Add to this the two lower vertebrae that become mis-aligned and impinge on the nerve bundle that serves my whole right leg and, well, I have morphine level pain.

What's really weird is that I usually don't receive the pain into my physical body while I am at work. It becomes apparent when I lay on my bed after work. Angel Gabe explains that while I am laying down, they, he and the rest of my angels, start the poison extraction process that takes away any resonance of evil from my spirit and body. But in the process I suffer severe physical pain. He explains, and I agree, that this pain is better than forming some kind of an evil spirit like a "root of bitterness", or something like that which might attack my Heart.

Still, this is getting pretty troublesome. I have been praying for Jesus to heal at least this part of my body. But just today it was explained that He will do **a spiritual equivalent** of putting stabilizing screws and a spacer in my physical spine.

As we write this we are at Starbucks waiting for Church to start at the Presbyterian Church that our friends attend. I hope Jesus will perform this spiritual surgery on my back during Church this morning.

Last Friday night at work Jesus reminded us of the Scriptures that speak of how He had

given His back to “the smiters” so it could be beaten to shreds, per Scripture where it says;

*“I gave my back to the smiters,...”  
Isaiah 50:6a*

and,

*“The plowers plowed on my back; They made their furrows long.”  
Psalm 129:3.*

He allowed His back to be broken, so that ours can be healed.

Blessings...

R. C. Theophilus
