

Letter 350
Message Infusion Therapy
2015-05-31

Dear Dan,

29 May 2013

Last night at work the Lord began talking to us about how He wants to infuse into the Pacific Northwest the message that is the person of angel Gabriel. In other words, every Word in Scripture that describes, defines, reveals, explains, and speaks about who Gabriel is and what he does will be applied to the Churches in and of the Pacific Northwest of the United States of America.

This will be infused into the PraiseTree Anointing and the Liberated Anointing of the 1980's.

This also reminds me of something that happened not long after the Day of 7 (see letters 23-36 Volume 1). I was up at PraiseTree, very likely with my camera since I liked to take pictures at the time. I remember that the north end of the lake was down, so I wandered out into the dry lakebed.

Up in the sky a bird was circling, and I thought it might make for a good picture. I stood there for a little bit waiting for the bird to get lower.

Another man happened to be close to where I was. He seemed to be in his mid-fifties, with gray hair and beard. I walked up to him and began to converse about the bird that was still circling overhead.

I offered my opinion that it looked like a hawk. The man countered that it was an osprey. I protested some, but rather than pursue any argument, the man reached into his coat pocket and withdrew a paperback book. I saw the cover as he opened the book to find a certain page. The title of the book was Peterson's Bird Guide. I had never heard of this publication before, but I could tell it was an authoritative work on birds of all kinds.

The man kindly showed me a picture of the bird that had been over us, and sure enough, there was a picture of an osprey that matched the flying bird.

We parted company, but later on angel Gabe confirmed what I was suspecting; that the man was an angel, and Gabe further stated that he was angel Gabriel.

Over the years after that incident, the Holy Spirit would remind me of this and present some of His thinking to me. Here are the two main points of His thoughts;

1) Gabriel **did not** "pull rank" on me, a mere mortal, and say something like "I am angel Gabriel, so you should listen to what I say".

2) Gabriel **did refer** to an already established, HUMAN authority, (ROGER TORY PETERSON*) to avoid an argument, and to instruct someone (me) who was mis-informed.

It has occurred to me many times over the years since then that Gabriel was respectful of Human authority, and deferred to this authority. He maintains this respect even when he's at my house, which is most of the time. He respects that I am the owner and authority of the house where my wife and I live.

*"The Peterson Identification System has been called the greatest invention since binoculars, and the Peterson Field Guide Series is credited with helping to set the stage for the environmental movement. Peterson died in 1996." (<http://www.houghtonmifflinbooks.com/peterson>)

P. S. According the dictionary included with MAC OS-X, an Osprey can also be referred to as a "Fish Hawk". So I was at least half right. But I was also clueless.

Blessings...
