**The Mountain of Josiah**  
2015-07-05

Dear Dan,

There is a Mountain in the Snoqualmie Valley, part of the Cascade Mountain Range, that is significant in the Lord's message regarding all things PraiseTree. The mountain is called Mt. Si.

After changing jobs from (G1) to (G2) in October 1999, I discovered a small cafe called that was open until about 9PM. I further discovered that if I timed my work right, I could leave (G2) where I worked the first half of the shift, and be able to take my lunch break with a burger and cup of coffee at the cafe, then proceed to the second half of my shift at (G2a).

On the back of one of the menus was written some of the Snoqualmie Tribe's history and mythology, with a preface about Mt. Si, quoted below;

*In the White Man's tradition, Mount Si was named after the pioneer **Josiah** Merritt who came to the Snoqualmie Valley from Ohio in 1862. He had a Silver Claim close to the foot of the mountain so other settlers called it Uncle Si's Mountain. Later it was shortened to Mount Si. The mountain is 4,190 feet tall and stands as a Sentinel over the Upper Valley. It is one of the most popular hiking destinations in the area.*

Five years prior to this, in 1996, a giant slab of rock broke free from the western face of Mt. Si. It crashed and turned into rubble below, leaving a very distinct lighter colored area where the slab had been, with the rubble laying below and also lighter and very distinct in appearance.

I did not witness the event. But since I had been seeing Mt. Si almost every day since we moved into the Valley, I couldn't help but notice within a few days the broken area and rubble below. But a "chance meeting" at the Post Office did give me access to an eye and ear witness to the event.

After this event occurred I described what I saw on Mt. Si to (M), and she piped up and said that one her co-workers just happened to live in North Bend, could see Mt. Si from his yard, and both heard and saw this happen.

I had met this co-worker before, so I knew his appearance. One day I went to the Post Office, and there he was going out to his car. I stopped him and asked him whether he had indeed seen and heard the slab break off of Mt. Si.

He confirmed that he had been working in his yard at the time, and then added that;

"... IT SOUNDED LIKE A B-52 BOMBER."

And with that statement, I knew the Lord was confirming what He had been telling me personally about the meaning of the rock slab, and how it resonated with the Scripture where it says;

**1st Kings 13:1-5**  
**The Message of the Man of God**

*“And behold, a man of God went from Judah to **Bethel**  
by the word of the Lord, and Jeroboam  
stood by the altar to burn incense.  
Then he cried out against the altar by the word of the Lord, and said,*

*“O altar, altar! Thus says the Lord:  
‘Behold, a child, **Josiah** by name, shall be born to the house of David;  
and on you he shall sacrifice the priests of the high places  
who burn incense on you, and men's bones shall be burned on you. ’”*

*And he gave a sign the same day, saying,*

*“This is the sign which the Lord has spoken:  
Surely the altar shall split apart,  
and the ashes on it shall be poured out.”*

So it came to pass when King Jeroboam heard the saying of the man of God, who cried out against the altar in Bethel, that he stretched out his hand from the altar, saying, “Arrest him!” Then his hand, which he stretched out toward him, withered, so that he could not pull it back to himself. The altar also was split apart, and the ashes poured out from the altar, according to the sign which the man of God had given by the word of the Lord.”

Later on I took some photos of the rock face with our new digital camera to archive both the event and appearance of Mt. Si. [Click here](#) to see the pictures.

Additionally, within two years of the first slab breaking free, I saw where two more, smaller slabs had similarly broken off, one to the upper right, and one to the lower left. These to me were “two witnesses”, confirming the message of the first slab.

One of angel Gabriella’s ministries is Purity. The silver claim of Uncle Si refers to the Scripture where it says;

Psalms 12:6-7  
*The words of the Lord are **pure** words,  
Like **silver** tried in a furnace of earth,  
Purified seven times.  
You shall keep them, O Lord,  
You shall preserve them from this generation forever.*

SPECIAL NOTE: In May of 2010 I was waiting at the bus stop. The sun was setting, but there was cloud cover. Then, a break came in the clouds, and the Brilliant Light of Sunset Broke Through and shown right on the spot where the slab of rock broke off of the face of Mt. Si over ten years before.
