

Letter 376
The 300 Speaks
 2015-07-17

Dear Dan,

The Lord wants us to elaborate more on our Chrysler 300, in addition to what has already been said in Letters 333 and 355.

MILES: *95,500*

This refers to 1995, the year I was struck down by the Enemy, and the day of blessing and the promise of complete healing as declared by the prophetic word of Jesus in the poem He gave to me to clarify His will in the matter.

CONFIRMING THE WORD AGAINST SATAN: *Number 9*

When we purchased the 2006 Chrysler 300 in Feb of 2015, it was both 9 years older than the current model year, and 9 years newer than the 1997 Dodge Intrepid it replaced. And we purchased the car on the 9th. The number 9 is significant. See Letters 212 – 224, Volume 4. Once again the Lord is confirming His word against Satan. 2006 is also the year that Saddam Hussein was executed. According to both angels Gabe and Gabriel, in the years prior to Hussein's execution, Satan's world headquarters was in Baghdad beginning with the acquisition by Iraq of a Nuclear power plant from France in 1976. The Devil had designs on using the Hussein regime to cause as much damage to or outright destroy Israel by attempting to have Iraq (Babylon) create their own nuclear weapon.

As it was, under Satan's influence, the Hussein administration used chemical weapons to attack some of Iraq's own Kurdish population. Wikipedia states that;

Halabja Chemical Attack

*The Halabja chemical attack (Kurdish: Kîmyabarana Helebce هه‌له‌بچه), also known as the Halabja Massacre or Bloody Friday, was a genocidal massacre against the Kurdish people that took place on **March 16, 1988**, during the closing days of the Iran–Iraq War in the Kurdish city of Halabja in Southern Kurdistan. The attack was part of the Al-Anfal campaign in northern Iraq, as well as part of the Iraqi attempt to repel the Iranian Operation Zafar 7. It took place 48 hours after the fall of the town to Iranian army and Kurdish guerrillas.*

The attack killed between 3,200 and 5,000 people and injured 7,000 to 10,000 more, most of them civilians. Thousands more died of complications, diseases, and birth defects in the years after the attack. The incident, which has been officially defined as an act of genocide against the Kurdish people in Iraq, was and still remains the largest chemical weapons attack directed against a civilian-populated area in history.

FUEL ECONOMY: *18 MPG average*

This speaks of Revelation 18, verses 1 and 2, and the Angel with Great Authority, who I have come to count among my closest friends.

MULTIPLES OF THREE: *the need arose on the 30th. The purchase was made on the 9th.*

There are Three Persons being One God, Yahweh. He is Love. He passed judgment on the Enemy of our Souls on 10/9/2013 in answer to Jesus' call for help on 9/11/2001.

SPEEDOMETER TOP DEAD CENTER: *80 MPH*.

The speaks of the restoration of the Lost Anointing of he 1980's. When entering Graceland, the 300 runs really smooth at this speed.

DUAL ELECTRIC SEAT/ MIRROR/ RADIO COMFORT SETTINGS

DUAL HEATED SEATS

DUAL AUTOMATIC ENVIRONMENTAL CONTROLS

The controls and settings can be programmed and saved for two separate drivers, making the car more comfortable to drive for two different drivers This speaks of how our individual lives are custom fit for each of us.

INPUT JACK FOR AUXILIARY AUDIO COMPONENTS

This makes listening to custom playlists on iPods possible. An unlimited Universe of Audio.

And, it is just plain fun to drive. It has a rather sharp turning radius. It is quiet inside. It has custom window tinting, providing a greater level of privacy.

Blessings...

R. C. Theophilus
