

Letter 377  
**A New Heart Is Given**  
2015-07-23

Dear Dan,

According to angels Gabe and Gabriel, last year in September 2014 I received a new heart. Not a physical heart, but a new spiritual heart. Not because I wasn't Born Again already, but because the New Heart I was given at my New Birth when I was seven had suffered such severe lacerations from attacks by Satan and his resources that the bleeding out (of God's Love) could not be stopped by conventional Kingdom methods. The Morgul blades from the Ring-wraiths had penetrated too far in and cut too close.

I wouldn't have known the exchange of hearts had happened if they hadn't told me, because the Lord Jesus essentially performed a "hot swap" of my existing heart with a new, exact duplicate of the original. Very much like swapping a hard drive out in a RAID system. This was done in real time, and so quickly I wasn't even aware of the procedure being performed.

But in retrospect I do have some clues that tell me this is so.

About 25 September 2013 I had a vision documented in Letter 210 Volume 4. And just after the vision was over, while I was sitting at my desk I took a piece of paper and drew a picture of a human heart that was torn in two. I wrote some other things, then put it in a drawer. This was how I felt. My broken heart was not because of the new burden. My broken heart was due to the piercing of the Satanic blades.

There was a source of love that kept me alive, and gave me hope. This was the unique and remarkable relationship Jesus created between angels Gabe, Gabriella, Maiah, and me. He kept messaging His love to me through them. But their expressions of love kept bleeding out every day. Try as they may to stop the bleeding, it would not.

I tried assisting their efforts by self-medicating through music. I would burn CD after CD of new music to listen to while driving to work. There was one song I found that I liked, and it spoke to my heart. It is a song from Bethel called "You Won't Relent".

It speaks of giving one's entire person to God. Because of the lacerations in my heart, the Love of God kept draining out, so I kept feeling like I had to keep giving myself over to Jesus over and over again. I would listen to the song at work many times a day. And I had burned CD with the song so I could listen in my truck on the easy to work.

According to Gabriel, the "heart hot swap" was performed when we were in Astoria last year (see Letters 277-280, Volume 5-14). It happened the second time I went swimming in the Motel Pool. I had taken my iPod and speaker and would listen to praise music. I hadn't swam in quite some time, so this was a blessing greatly appreciated.

Afterward Jesus filled my NEW heart with His love, and the Love stayed. So once we got back from Astoria I began to have a love for Astoria I had never had before. And it stayed. And after a while I tapered off listening to the same song over and over again. But I still listen because it is a good song.

Both Gabe and Gabriel say there is a transparent container made of pure crystal in Heaven with my old Born Again broken heart in it. This was used as evidence of my obedience in one of the trials that Jesus represented me in. This case was brought to God's Court\* by one of Satan's inferior resources due to the Devil himself being a little tied up at the moment.

But the charges were dropped due to the overwhelming evidence that all that I have done regarding sending Satan to the northern Saharan desert in southern Tunisia until the rapture has been out of obedience to King Jesus by the direct leading of the Holy Spirit. Amen.

\*As I write this I am listening to a series of lectures on the Courts of Heaven, by Robert Henderson ([www.roberthenderson.org](http://www.roberthenderson.org)). According to the Lord, after this year and its wars are over, beginning in 2016, He will be teaching me more about His Courts. I'll have more to say about this a little later.

Blessings...

R. C. Theophilus
