

Letter 411a  
**DREAM**  
**The Meeting**  
2015-10-26

Dear Dan,

**Sunday 26 October 2015.**

About three weeks ago I had a dream. The Lord instructed me at that time not to write it down as a letter. Now it is time.

**I DREAMED THAT:**

I was in a room at work with the Night Supervisor (P10), and the Night Lead lady (CS6) (see Letters 193 and 198 Volume 4) who works as third shift leader after (P10) leaves work for the night. There were two other people in the room. They were fallen angels of witchcraft. One was assigned to (P10). The other was assigned to (CS6). Both angels were assigned to preventing (P10) and (CS6) from hearing the Gospel. Neither (P10) nor (CS6) were aware of my presence or the presence of the two angels.

The two fallen angels of witchcraft were complaining to me how I was getting in their way, preventing them from getting their jobs done. They couldn't get to their targets because of my intercessions. It seemed in the dream that they thought that by explaining themselves to me they could get me to back off so they could execute their orders.

**END OF DREAM.**

Blessings...
