

Letter 423
DREAM / VISION
Jewel Thief
2015-12-09

Dear Dan,

Sunday, 6 December 2015, 4AM.

Yesterday just before awaking I had a dream.

I dreamed that:

I was in a building that was scheduled for some remodel work. One of the contractors was inside with me, so I approached him to ask about the upcoming project. As I spoke with him I discerned that he was an evil spirit, and begin to challenge his presence in the building.

He reached down to my crotch and grabbed both of my testicles. I backed away from him, releasing his grasp on my "family jewels", and then proclaimed forcefully that I would call the police and have him charged with a crime. After this I woke up. The time was about 8:30PM.

END OF DREAM.

As I write this I am still a little worn out from the conflict in that dream.

Monday, 7 December 2015, 6AM.

Earlier this morning, at around 3AM, I was in the spirit, and went into the same building in which I was present in the dream. I challenged the same evil spirit and commanded him to leave. He left immediately.

Blessings...
