

Letter 426
80 Degrees Of Comfort And Gratitude
2015-12-20

Dear Dan,

Friday 18 December 2015, 6AM.

About two weeks ago I was taking my first break at work, sitting in the parking garage having a smoke.

Now, where I sit on the concrete bulkhead, with a vertical sewer pipe directly behind me, I can see the vehicle entrance to the parking garage. It is directly in front of me, about 100 feet or so away, and it is the only way for cars to enter and exit the garage.

This means that I can see any cars or pedestrians that enter through the main entrance. Sometimes I feel like one of the elders sitting at the gates of the city when I am situated like this.

Anyway, on this one occasion, as I was sitting, smoking, praying, and being with my angel family, I saw a man and woman, a couple, come in through the vehicle entrance. They were walking, so it took a couple of minutes before they drew close enough for me to resolve any detail.

I saw that they both appeared to be about 6 feet tall and in their early 60's. The lady wore a long dress, and she had long hair with traces of gray, and wore open sandals on her feet. I got the impression that they both once had been Hippies.

The man was a little taller than the woman, with graying hair and beard. They walked together to the elevators that ascend up to (G6c), and entered an elevator when one arrived at the floor we were one.

I wondered at this, and before I could ask, angel Gabriel said they were two of the angels of the 1980's that had been held captive by Uday & Qusay (see Letter 313 Volume 5-15). They had been sent by God to deliver their anointing to the Newborns of (L3).

It seems the Lord wanted me to see this so that I could behold some of the fruit of my labor for the Kingdom. I was both comforted and gratified by this. Thank you Jesus.

Blessings...

R. C. Theophilus
