**Q&A With Gabriel Part 3**  
**More On Healing**  
2016-02-09

Dear Dan,

**Saturday, 30 January 2016, AM.**

Me: What do you think should be the next step in healing the United States from the effects of abortion, i.e. all the demonic incursion which is the direct result of the shedding of innocent blood?

*Gabriel: Jesus is presently forgiving (and that is part of the healing process) the sins of abortion in this Nation. He is taking an approach not much different from the one He is using in healing your own person. Beginning with the "inner man"; the Spirit of the U. S., which is the Spirit of Liberty.*

*Gabriel: It is the Oil of The Holy Spirit that streams from Heaven and into Bethel Church in Redding, California, and from there throughout the entire world, combined with the Water and Blood that streams out from PraiseTree, which is going to heal the Nations, including this one.*

Me: Will this include eradicating the various familiar spirit networks that I have learned about in the past many years?

*Gabriel: Some, but not all. As long as we're on the subject of familiar spirits, would you like to learn more about how they came to be and the best way to identify, subdue, and remove these kinds of evil spirits?*

Me: Yes.

*Gabriel: OK. Let's review what you've already learned from experience, and we'll work from there.*

Me: OK.

Blessings...

R. C. Theophilus
