

Letter 442
**New Submarines Shouldn't Ping
 But I Heard Three And Saw One**
 2016-02-14

Dear Dan,

Thursday, 11 February 2016, 6AM.

This morning I saw the "TUNRNGPT" car again (see Letter 431 Volume 6). I was heading home from work when I started to gain on a car traveling the same direction as me. But when I saw the specialized license plate which read "TUNRNGPT", I slowed down a little to stay behind the car, and started to inquire of the Lord. Later on I left the car behind, but needless to say my mind became active as soon as I saw the plate.

And I also saw where I was mistaken in Letter 431 Volume 6. I had originally reported the vehicle to be a Volvo. This time I got a good look at the car manufacturer's insignia on the back of the white sedan, and it was the four overlapping circles of Audi.

To confirm this, I Googled "Audi", and saw that it was so. But I also saw a quote from the main Audi web page that got my attention. Here it is:

"Why the moon matters. The legacy of the first moon landing lives on at Audi. The same spirit of discovery drives us to dream, innovate and explore, from creating a car that goes 205 mph to building a lunar rover. It's why we're constantly pushing the boundaries of what's possible. Because choosing the moon brings out the best in us."

But this was only the "icing on the cake".

It was what I heard the Tuesday night before this at work that got my attention. And when I heard it I said to my angel crew, "That's a "ping"" (see Letter 352 Volume 5-15).

When I said "That's a "ping"" I was listening to a podcast of a Sunday night Church service that took place 7 February 2016, Super Bowl Sunday. The Church was Bethel Church in Redding, California, and the speaker was Beni Johnson, wife of Pastor Bill Johnson.

As I kept listening, Mrs. Johnson began to explain that she had heard some Words from the Lord for 2016, and was going to share them. As she shared and I listened, I heard three confirming "pings", things that resonated with what I had already written, and thought, "this needs a letter".

Here are three things, or "pings", that she said along with the corresponding letters.

1. "Grateful" - Letter 434 Volume 6
2. "I've got this" - Letter 433 Volume 6
3. "Hold on, its gonna be a wild ride." - Letter 304 Volume 5-14, and Letter 321 Volume 5-15.

The grateful part resonates with Letter 434, Letter of Thanksgiving. The first song in the audio version is all about gratitude.

The phrase “**I’ve got this**” is a direct quote from angel Gabe in a dream I had over a month earlier which is documented in Letter 433. Mrs. Johnson’s use of that phrase really got my attention, and it was then I knew the Lord had embedded some “pings” in the podcast of her Rhema Word, signifying that I was still on the right path. But then I heard the third “ping”. This was the phrase:

“... **hold on, its gonna be a wild ride**”.

That quote, or ping, broke the bank.

The reason is that on 12 December 2015 I finalized the audio for Letters 304 and 321, combining the two letters into one audio version. For the final theme song for Letter 321 I included a tune that had the number eight in its title. The song is by Jake Owen, a Country Music artist, and the title of the song is Eight Second Ride. When I saw the title in iTunes, and after listening, I knew it was the right song. One of the lyrics has the following phrase:

“... and hold on tight, because it’s gonna be wilder than any eight second ride”.

I was thinking about “these three pings” on and off all night and looking forward to writing this letter. Then on the drive home via a pit stop at Starbucks for my last coffee of the day, I saw the “TURNGPT” car again, and knew that was yet another “ping” confirming the first three.

Seeing the Audi for the second time also indicated to me that what Beni Johnson and I had been prophesying about has been firmly decided in heaven, and cannot be reversed.

It also indicates that the Lord will give His people the Grace and Opportunity to correct errors, seeings how I needed to correct the make of the car, and seeing the car again and seeing clearly and then confirming the manufacturer’s decal made this possible.

Below are a few transcribed excerpts from Beni Johnson’s audio sermon.

QUOTE

=====

“There were three words at the beginning of the year that I really felt good about.

One of them is “GRATEFUL” ... This is the year of being grateful

We need to be really purposed in being grateful, and being thankful, because it releases so much more than we know when we have that kind of an attitude to be grateful in every situation

The second word is "EXCITED". I am excited about 2016. I don't really know why, so we're in for big surprise.

And "EXPECTANT" is the third word. I'm expectant, I'm expecting something incredible to happen this year.

One day I was at home and sitting on the back porch and it was when it was still warm out ... I was just talking with God, ... I heard these Words;

"I'VE GOT THIS".

I went right over to the Prayer House ... and I immediately felt Jesus come up to my side and grab my hand, and it was that feeling of best friend, shoulder to shoulder, talking secrets to each other, it was really sweet ... and finally He said, "Would you like to see what's in My hand?"

And He opened up His hand and it was the globe, the World. And when He opened up His hand I went; "Oh, You've got this".

Then I heard this;

"HOLD ON, IT'S GONNA BE A WILD RIDE".

And I immediately thought of Disney Land ... one of my favorite rides is a Little Kiddie ride, and its Mister Toad's Wild Adventure.

And that's what I thought of when He said; "Hold on, its gonna be A Wild Ride."

I really believe that one of the things the Lord is going to do this year is He's going to pass His Goodness before us."
