

Letter 458
VISION
Hit Man
2016-04-05

Dear Dan,

Saturday, 2 April 2016, 6AM.

Yesterday as I was laying in bed preparing to sleep, the Lord took me by vision into a room, which in appearance resembled a flat that might have been rented by a single person at a flop house.

I saw a somewhat surly looking, dark-haired man, who appeared to be in his mid to late twenties, standing at a table in one corner of the room. He was eating some food and at the same time studying a variety of written materials laying on the table in front of him.

The man turned his head toward me so that at first I thought the he might see me. As soon as I saw this I began to withdraw from the room, but the Holy Spirit led me to return, and showed me that the man could neither see nor hear me. We were it total "stealth mode".

I watched for a little while, and then was in informed by the Lord that the man was a "hit-man", hired by Uday and Qusay to assassinate me. A fallen angel that had yet to hear about who we are and what we can do.

Last night at work I asked angel Gabriel about the would-be assassin, and he said that he had already dried up, thereby becoming ineffective. See Letter 448 Volume 6.

Blessings...

R. C. Theophilus
